Jacksons Justice English Edition:

English Civil Justice after the Woolf and Jackson Reforms John Sorabji, 2014-06-26 John Sorabji examines the theoretical underpinnings of the Woolf and Jackson reforms to the English and Welsh civil justice system. He discusses how the Woolf reforms attempted and failed to effect a revolutionary change to the theory of justice that informed how the system operated. It elucidates the nature of those reforms which through introducing proportionality via an explicit overriding objective into the Civil Procedure Rules downgraded the court's historic commitment to achieving substantive justice or justice on the merits. In doing so, Woolf's new theory is compared with one developed by Bentham while also exploring why a similarly fundamental reform carried out in the 1870s succeeded where Woolf's failed. It finally proposes an approach that could be taken by the courts following implementation of the Jackson reforms to ensure that they succeed in their aim of reducing litigation cost through properly implementing Woolf's new theory of justice. **Jackson's Machinery of Justice** Richard Meredith Jackson, 1989-01-27 Jackson's classic text has been revised and updated for the times. Justice Robert H. Jackson's Unpublished Opinion in Brown v. Board David M. O'Brien, 2017-11-17 Brown v Board of Education is widely recognized as one of the US Supreme Court's most important decisions in the twentieth century. Robert H. Jackson, an associate justice on the case, is generally considered one of the Court's most gifted writers. Though much has been written about Brown, citing the writing and remarks of the justices who participated in the 1954 decision, comparatively little has been said about Jackson or his unpublished opinion, which is sometimes even mistakenly taken as a dissenting opinion. This book visits Brown v Board of Education from Jackson's perspective and in doing so offers a reinterpretation of the justice's thinking and of the Supreme Court's decision making in a ruling that continues to reverberate through the nation's politics and public life. Weaving together judicial biography, legal history, and judicial politics, Justice Robert H. Jackson's Unpublished Opinion in Brown v Board provides a nuanced look at constitutional interpretation and the intersection of law and politics from inside the mind of a justice within the context of a Court deciding a seminal case. Through an analysis of six drafts of Jackson's unpublished concurring opinion, David M. O'Brien explores the justice's evolving thoughts on relevant issues at critical moments in the case. His retelling of Brown presents a new view of longstanding arguments confronted by Jackson and the other justices over original intent versus a living Constitution, the role of the Court and social change, and justice in American political life. The book includes the final draft of Jackson's unpublished opinion as well as the Warren Court's opinions in Brown and in Bolling v Sharpe for comparison, along with a timeline of developments and decision making leading to the Court's landmark ruling. **Trial of the Major War Criminals Before the International Military Tribunal, Volume 13, Nuremberg 14 November 1945-1 October 1946** Various, 2023-09-03 Excerpt In April 1949 judgment was rendered in the last of the series of 12 Nuremberg war crimes trials which had begun in October 1946 and were held pursuant to Allied Control Council Law No 10. Far from being of concern solely to lawyers, these trials are of especial interest

to soldiers historians students of international affairs and others The defendants in these proceedings charged with war crimes and other offenses against international penal law were prominent figures in Hitler s Germany and included such outstanding diplomats and politicians as the State Secretary of the Foreign Office von Weizsaecker and cabinet ministers von Krosigk and Lammers military leaders such as Field Marshals von Leeb List and von Kuechler SS leaders such as Ohlendorf Pohl and Hildebrandt industrialists such as Flick Alfried Krupp and the directors of I G Farben and leading professional men such as the famous physician Gerhard Rose and the jurist and Acting Minister of Justice Schlegelberger In view of the weight of the accusations and the far flung activities of the defendants and the extraordinary amount of official contemporaneous German documents introduced in evidence the records of these trials constitute a major source of historical material covering many events of the fateful years 1933 and even earlier to 1945 in Germany and elsewhere in Europe The Nuernberg trials under Law No 10 were carried out under the direct authority of the Allied Control Council as manifested in that law which authorized the establishment of the Tribunals The judicial machinery for the trials including the Military Tribunals and the Office Chief of Counsel for War Crimes was prescribed by Military Government Ordinance No 7 and was part of the occupation administration for the American zone the Office of Military Government OMGUS Law No 10 Ordinance No 7 and other basic jurisdictional or administrative documents are printed in full hereinafter The proceedings in these trials were conducted throughout in the German and English languages and were recorded in full by stenographic notes and by electrical sound recording of all oral proceedings The 12 cases required over 1 200 days of court proceedings and the transcript of these proceedings exceeds 330 000 pages exclusive of hundreds of document books briefs etc Publication of all of this material accordingly was quite unfeasible This series however contains the indictments judgments and other important portions of the record of the 12 cases and it is believed that these materials give a fair picture of the trials and as full and illuminating a picture as is possible within the space available Copies of the entire record of the trials are available in the Library of Congress the National Archives and elsewhere In some cases due to time limitations errors of one sort or another have crept into the translations which were available to the Tribunal In other cases the same document appears in different trials or even at different parts of the same trial with variations in translation For the most part these inconsistencies have been allowed to remain and only such errors as might cause misunderstanding have been corrected

Seeking Justice for the Holocaust Graham B. Cox, 2019-09-12 The Nuremberg War Crimes Trial has become a symbol of justice the pivotal moment when the civilized world stood up for Europe's Jews and ultimately for human rights Yet the world represented at the time by the Allied powers almost did not stand up despite the magnitude of the horrors perpetrated by the Nazis Seeking justice for the Holocaust had not been an automatic or an obvious mission for the Allies to pursue In this book

Graham Cox recounts the remarkable negotiations and calculations that brought the United States and its allies to this point. At the center of this story is the collaboration between Franklin D. Roosevelt and Herbert C. Pell, Roosevelt's appointee as U.S. representative to the United Nations War Crimes Commission in creating an international legal protocol to prosecute Nazi officials for war crimes and genocide. Pell emerges here as an unheralded force in pursuing justice and in framing human rights as an international concern. The book also enlarges our perspective on Roosevelt's policies regarding European Jews by revealing the depth of his commitment to postwar justice in the face of staunch opposition even from some within his administration. What made the international effort especially contentious was a debate over its focus: how to punish for aggressive warfare and crimes against humanity. Cox exposes the internal contradictions and contortions behind the U.S. position and the maneuverings of numerous officials negotiating the legal parameters of the trials. Most telling perhaps were the efforts of Robert H. Jackson, the chief U.S. prosecutor at Nuremberg, to circumscribe the scope of new international law for fear of setting precedents that might boomerang on the United States because of its own racial segregation practices. With its broad new examination of the background and context of the Nuremberg trials and its expanded view of the roles played by Roosevelt and his unlikely deputy Pell, *Seeking Justice for the Holocaust* offers a deeper and more nuanced understanding of how the Allies came to hold Nazis accountable for their crimes against humanity.

Principles, Procedure, and Justice

Rabeea Assy, Andrew Higgins, 2020. This collection is in honour of Adrian Zuckerman, Emeritus Professor of Civil Procedure at the University of Oxford. Bringing together a distinguished group of judges and academics to reflect on the impact of his work on our understanding of civil procedure and evidence today. An internationally renowned scholar, Professor Zuckerman has dedicated his professional life to the law of evidence and civil procedure, drawing attention to the principles and policies that shape litigation practice and their wider social impact. His pioneering scholarship is admired by the judiciary and the academy and has influenced several major reforms of the civil justice system, including the Woolf Reforms that heralded the introduction of the Civil Procedure Rules and Lord Justice Jackson's Review of Civil Litigation Costs. His work has also informed law reform bodies and courts in other jurisdictions. Building upon Professor Zuckerman's work, the contributors address outstanding problems in the field of civil procedure and evidence and, in keeping with Adrian's record of always exploring new areas, the book includes chapters on the prospects for a digital justice system, including the new online court being developed in England, and the potential role of algorithms in the courtroom.
