The Contemporary Post-Apocalyptic Novel Diletta De Cristofaro, 2019-12-26 Traditional apocalyptic texts concern the advent of a better world at the end of history that will make sense of everything that happened before But what is at stake in the contemporary shift to apocalyptic narratives in which the utopian end of time is removed The Contemporary Post Apocalyptic Novel offers an innovative critical model for our cultural obsession with the end by focussing on the significance of time in the 21st century post apocalyptic novel and challenging traditional apocalyptic logic Once confined to the genre of science fiction the increasing popularity of end of the world narratives has caused apocalyptic writing to feature in the work of some of contemporary literature's most well known fiction writers Considering novels by Will Self Cormac McCarthy David Mitchell Emily St John Mandel Jeanette Winterson and others Diletta De Cristofaro frames the contemporary apocalyptic imagination as a critique of modernity's apocalyptic conception of time and history Interdisciplinary in scope the book historicises apocalyptic beliefs by exploring how relentlessly they have shaped the modern world

No More Heroes Lydia R. Cooper,2011-05-03 Critics often trace the prevailing mood of despair and purported nihilism in the works of Cormac McCarthy to the striking absence of interior thought in his seemingly amoral characters In *No More Heroes* however Lydia Cooper reveals that though McCarthy limits inner revelations he never eliminates them entirely In certain crucial cases he endows his characters with ethical decisions and attitudes revealing a strain of heroism exists in his otherwise violent and apocalyptic world Cooper evaluates all of McCarthy s work to date carefully exploring the range of his narrative techniques The writer s overwhelmingly distant omniscient third person narrative rarely shifts to a more limited voice When it does deviate however revelations of his characters consciousness unmistakably exhibit moral awareness and ethical behavior The quiet internal struggles of moral men such as John Grady Cole in the *Border Trilogy* and the father in *The Road* demonstrate an imperfect but very human heroism Even when the writing moves into the minds of immoral characters McCarthy draws attention to the characters humanity forcing the perceptive reader to identify with even the most despicable representatives of the human race Cooper shows that this rare yet powerful recognition of commonality and the internal yearnings for community and a commitment to justice or compassion undeniably exist in McCarthy s work *No More Heroes* directly addresses the essential question about McCarthy s brutal and morally ambiguous universe and reveals poignant new answers

There's No Place Like Home Stephanie Hemelryk Donald,2018-03-27 Choice Outstanding Academic Title 2018 The Wizard of Oz brought many now iconic tropes into popular culture the yellow brick road ruby slippers and Oz But this book begins with Dorothy and her legacy as an archetypal touchstone in cinema for the child journeying far from home In *There s No Place Like Home* distinguished film

scholar Stephanie Hemelryk Donald offers a fresh interpretation of the migrant child as a recurring figure in world cinema. Displaced or placeless children and the idea of childhood itself are vehicles to examine migration and cosmopolitanism in films such as *Le Ballon Rouge*, *Little Moth* and *Le Havre*. Surveying fictional and documentary film from the post war years until today the author shows how the child is a guide to themes of place self and being in world cinema. *The Mysterious Benedict Society and the Perilous Journey* Trenton Lee Stewart, 2014-01-02 It should have been a celebration party but now it is another mind bending mission for Reynie, Kate, Sticky and Constance. Join them as they race across the globe by train, ship and bicycle to save their beloved Mr Benedict. *The Enemies of Paul: Demons, Satan, Betrayers, and Apostles* Roger S. Busse, 2018-08-23 Paul's conflict with viscous enemies, human and otherwise, led him to employ efficacious powers, charismata, charismatic powers and controversial and sometimes illegal practices that are only coherent when placed in context of the first century Hellenistic Roman world. These included soul and spirit transportation, possession and exorcisms, special techniques to repel demonic attack as well as what was considered the darkest of black magic in the ancient world: the casting of death curses which called on Satan to inflict harm and even kill his enemies. All of these can be recovered in striking detail using risk analysis of his undisputed writings and comparing them with contemporary sources: papyri and documents independent of the New Testament. The results demonstrate that Paul's letters are so much more than simply intellectual and rhetorical correspondences; they are infused with dangerous mystical and charismatic powers feared in an ancient world that was saturated with prevalent active dark forces and multi-layered human and supernatural conflicts of angels and demons at war of charismata and anathemata, deadly curses and Paul's expectation of the hemera kuriou Day of the Lord that would defeat Satan and the curse of death via pistis, faith in the efficacious euangelion, gospel of agape love.

Remaining chapters detail the three core elements of Campbell's canonical narrative arc to review how the experience of refugees is presented in modern picture books using this familiar narrative structure as a means of exploring a humanitarian issue with overt political overtones. In so doing, the authors employ an innovative means of analysing picture books that deal with refugees by

positioning them within a familiar narrative arc that belies the fear of difference they may otherwise represent
