Judicial College Guidelines Whiplash:

Guidelines for the Assessment of General Damages in Personal Injury Cases Judicial College, 2024-03-06 The Guidelines for the Assessment of General Damages are designed to provide a clear and logical framework for the assessment of damages in personal injury cases The first edition of this title was regarded as a landmark in personal injury practice Each succeeding issue has built on this reputation and the book has now firmly established itself as essential reading for all those involved in the area of personal injury litigation This new edition has updated the award figures to take into account the rise in inflation The book also considers a small number of decisions concerning damages for sexual abuse including image based abuse since the previous edition This book is edited by a working party of the Judicial College under the chairmanship of The Hon Mrs Justice Lambert DBE The members of the working party are all lawyers and personal injury specialists Stuart McKechnie KC barrister Steven Snowden KC barrister Lisa Sullivan Master of the Queen s Bench Division and Richard Wilkinson barrister *House of Commons - Transport Committee: Cost of Motor Insurance: Whiplash - HC 117* Great Britain: Parliament: House of Commons: Transport Committee, 2013-07-31 Whiplash injuries can have debilitating consequences for those who suffer them However some of the increase in whiplash claims will have been due to fraud or exaggeration The Government must tighten up the requirements for motor insurance claims and ensure that insurers honour their commitment to reduce premiums The Government should consider requiring claimants to provide proof that they have either been seen by a doctor or attended A E shortly after the accident The MPs also note that their previous recommendation on making the links between insurers and other parties involved with claims more transparent has been ignored The absence of comprehensive statistics about road traffic accidents means that it is impossible to relate the increasing number of personal injury claims in recent years to the number of accidents Data collection about road accidents needs to be improved help to assist detection of fraudulent personal injury claims and help highways authorities improve road safety by targeting spending on accident black spots The Committee also supports the proposal for an accreditation scheme for medical practitioners who provide medical reports in relation to whiplash claims Access to justice could also be impaired by Government proposals to switch whiplash claims between 1 000 and 5 000 to the small claims court particularly for people who do not feel confident to represent themselves against insurers who will use legal professionals to contest claims Ways in which use of the small claims track could be combined with the routine submission of expert evidence should be considered Lunney & Oliphant's Tort Law Donal Nolan, Ken Oliphant, 2023 The seventh edition provides a complete authoritative guide to the subject The book combines clear overviews of the law with well chosen extracts from cases and materials supported by insightful commentary 2023 Ernst Karner, Barbara C.
