### **Reader Response Lens (Liberal-Humanist Lens)**

**Definition:** Reading a text for personal meaning

**Questions and Strategies:**

1. In what ways is the text familiar to your life? Think of events in the story, the types of characters, or the setting. ... Can you relate to it on a personal level?
2. In what ways is the text different than your life?
3. How did the text affect you?
4. How has the text increased your interest in the subject matter?
5. How has the text changed your worldview?

### **Socio-Economic Lens (Marxist Lens)**

2. What world view does the text represent?
3. What does the text say about class structures?

### **Historical Lens**

**Definition:** Reading a text for its contextual significance. This would include information about the author, his or her historical moment, or the systems of meaning available at the time of writing.

**Questions and Strategies:**

1. Research the author's life and relate the information to the text. Why did the author write it? What is the author's worldview?
2. If the author is writing on a debatable issue does he or she give proper consideration to all sides of the debate? Does he or she seem to have a bias?

**Questions and Strategies:**

1. Consider the gender of the author and the characters: what role does gender play in the text?
2. Observe how gender stereotypes might be reinforced or undermined. Try to see how the text reflects or distorts the place men or women have in society.
