**Crime, Law and Justice in New Zealand** Greg Newbold,2016-06-03 Crime Law and Justice in New Zealand examines

the recent crime trends and the social political and legal changes in New Zealand from the end of the twentieth century to the present. Serving as the only New Zealand specific criminal justice text, this book takes a direct look at what is unique about the country's criminal justice system and recent crime trends. Crime rates peaked in the early 1990s and have fallen since. Newbold considers why this happened through factors such as economy, ethnic composition, changing cultural trends, and legislative developments in policing and criminal justice. He unpacks various types of crime separately: violent crime, property crime, drug crime, gang crime, organised crime, etc. and examines each in terms of the various complex factors affecting it, using illustrative examples from recent high profile cases. The cover photo for *Crime Law and Justice in New Zealand* was taken by Jono Rotman. [The Great Christmas Escape](#) Kellie Hailes, 2021-10-18. It's time to swap mistletoe and mince pies for the adventure of a lifetime. Sara's life has been in a bit of a rut. Lately her job as a photographer has just meant taking photos of happy couples and families all day before returning to her empty flat. And while she normally loves Christmas with her family, this year a part of her just wants to run away. So when her ex-husband Fin gets in touch with a wild idea: a joint work trip to New Zealand, she knows it's crazy but she says yes. A celebrated travel blogger, Fin has made a career out of following his bliss. As much as he loves Sara, the steady family life she's always wanted is not one he can give her. This trip together is his one chance to win her back. But can he convert her to his impulsive lifestyle? There's only one way to find out. As the two explore the stunning sights and thrills of New Zealand, they're about to discover there's so much more to each other than they ever realised. A Christmas romcom like no other. *The Great Christmas Escape* by Kellie Hailes is the perfect getaway read this year. **Academy, with which are Incorporated Literature and the English Review**, 1876. *New Zealand Dairy Produce Exporter*, 1928. [Dangerous Writing](#) Carmen Luz Fuentes-Vásquez, 2013. This book examines the literary construction of personal identity through autobiographical narratives by three significant writers analysed together for the first time: the Scottish Willa Muir (1890-1970), the Canadian Margaret Laurence (1926-1987), and the New Zealander Janet Frame (1924-2004). These apparently dissimilar authors suffered not only geographical but also political marginality; they were women from the working class or struggling middle class, striving to be considered as professional writers and emerging from countries that might be felt to be under the shadows of economic and political world powers such as England and the United States. During their lifetimes, they exerted themselves to overcome prejudices about class, gender, and ethnicity. They experienced war and the post-war era and lived through most of the twentieth century, being accurate witnesses and critics of their times. As it discusses major writers who are iconic for the development of the literatures of their respective countries, this book also attracts readers who are interested in learning more about the lives of these remarkable women, the way their socio-historical and geographical circumstances affected their writing, and how they expressed such concerns in their autobiographies and other fictional and non-fictional works, besides considering them in relation to contemporary women writers and autobiographers who underwent similar experiences. *The History of Ideas* David
