The North-western Monthly, 1897 **Lost in the Middle?** Wesley J. Wildman, Stephen Chapin Garner, 2009-11-24 There exists a deep and broad population of Christians who feel the labels of liberal and evangelical both describe their faith and limit their expression of it By working to reclaim the traditional historical meanings of these terms and showing how they complement rather than oppose each other Wesley Wildman and Stephen Chapin Garner stake a claim for the moderate Christian voice in today's polarized society Lost in the Middle guides readers through a process of diagnosis and articulation offering complementary perspectives on the phenomenon problem and promise of Christians with both liberal and evangelical instincts The authors show how individuals and institutions alike can reclaim and celebrate the highest virtues of both liberal and evangelical Christianity and how doing so can lead to the creation of authentic and vibrant communities of faith Pastors congregational leaders seminarians and all thoughtful Christians will learn how truly moderate Christianity can unite the compassionate openness and social activism of liberal Christianity with the magnetism and spiritual fervor of evangelical Christianity You may feel lost in the middle but you are not alone there The middle may be the place where you find yourself living most authentically

Wedekind, 2025-02-28 This book asserts that there exists a causal relationship between identity interest and the exercise of power The work defines power as the ability to satisfy oneself which makes power contingent upon belief It also dissects the concepts of identity interest and power to reveal how each works and relate to the others This analysis creates a new theory of power using constructivism informed by critical theory departing from neorealist and neoliberal perspectives The work uses the United States to test the theory by examining US national identity interest and exercises of power A deconstruction of American Exceptionalism proceeds three case studies and runs as a theme to connect each unifying the work A military operation in 2016 against the Islamic State in Libya the 2014 Russian annexation of Crimea and the whiplash caused by US participation in the 2015 Paris Agreement serve as the three case studies for analyzing US identity interest and power through the theory This work proposes a new way of understanding power based on constructivism and informed by critical theory that applies to interpersonal and international relationships Every relation is a power relation and power is the ability to satisfy oneself This book provides insight into the underlying causes and machinations that transpire within every kind of social relation This is a significant shift in how power is understood and applied in politics the military business and interpersonal relationships This book seeks to provide the reader with greater and clearer understanding of themselves the world in which they live and why it exists as such **The Osteopathic Physician** , 1912 *In Search Of The Lost Testament of Alexander the Great* David Grant, 2017-01-28 A unique backstory of Alexander and his successors the biased historians deceits wars generals and the tale of the literature that preserved them

Babylon mid June 323 BCE the gateway of the gods prostrated in the Summer Palace of Nebuchadrezzar II on the east bank of the Euphrates wracked by fever and having barely survived another night King Alexander III the rule of Macedonia for 12 years and 7 months had his senior officers congregate at his bedside Abandoned by Fortune and the healing god Asclepius he finally acknowledged he was dying Some 2 340 years on five barely intact accounts survive to tell a hardly coherent story At times in close accord though more often contradictory they conclude with a melee of death scene rehashes all of them suspicious the first portrayed Alexander dying silent and intestate he was Homeric and vocal in the second the third detailed his Last Will and Testament though it is attached to the stuff of romance Which account do we trust In Search Of The Lost Testament Of Alexander The Great is the result of a decade of contemplations on Alexander presented as a rich thematic narrative Grant describes as the backstory behind the history of the great Macedonian and his generals Taking an uncompromising investigative perspective Grant delves into the challenges faced by Alexander s unique tale the forgeries and biased historians the influences of rhetoric romance philosophy and religion on what was written and how Alexander s own mercurial personality is vividly dissected and the careers and the wars of his successors are presented with a unique eye But the book never loses sight of central aim to unravel the mystery behind Alexander s unconvincingly reported intestate death And out of Grant s research emerges one unavoidable verdict after 2 340 years the Last Will and Testament of Alexander III of Macedonia needs to be extracted from romance and reinstated to its rightful place in mainstream history Babylon in June 323 BCE Although the result a decade of academic research In Search Of The Lost Testament Of Alexander The Great is written in an entertaining and engaging style that opens the subject to both scholars and the casual reader of history looking to learn more about the Macedonian king and the men who made his story It concludes with a wholly new interpretation of the death of Alexander the Great and the mechanism behind the wars of succession that followed

Critical Steps Tony Muschara,Ron Farris,Jim Marinus,2021-11-18 Critical Steps happen every day at work and at home purposefully Work does not happen otherwise If an operation has the capacity to do work then it has the capacity to do harm Work is energy directed by human beings to create value But people are imperfect we make mistakes and sometimes we lose control of the work Therefore work is the use of force under conditions of uncertainty A Critical Step is a human action that will trigger immediate irreversible and intolerable harm to an asset if that action or a preceding action is performed improperly Whether the human action involves clicking on a link attached to an e mail message walking down a flight of stairs with a newborn baby in arms engaging the clutch on a gasoline driven chain saw or administering a medication to a patient in a hospital these all satisfy the definition of what constitutes critical risks in our daily lives professionally or personally The overarching goal of managing Critical Steps is to maximize the success safety reliability productivity quality profitability etc of people s performance in the workplace to create value for the organization without losing control of built in hazards necessary to create that value **Handbook of Mental Health Nursing** Stephen Tee,Joanne Brown,Diane
