

The HEBAB 095 is a further development of the popular HEBAB 090, but it does everything better. Both cranes look very similar, but that's where the similarities end.

The HEBAB 095 features a new, low-headroom boom system with a separate telescopic cylinder on each boom. We have done away with all moving on the outer boom and telescopes and reduced the need for a hook attachment to just one - on the outer telescopic arm that leads to easier handling in confined areas. And this larger stroke puts considerably reduced stress and give smoother movements.

The HEBAB 095's working geometry has been optimized, resulting in better lifting capacity - in the upper lifting range, capacity has been boosted by over 20%. What's more, the crane has an amazing close-in lifting height.

The HEBAB 095 is a modern general cargo crane in the 10-ton capacity class that offers excellent maneuverability. Choose between cruise controls, HEBAB's well-known hi-vision version with the new computerized top or the more advanced Comfort with HEBAB vision in and out-of-the-control.
