Entrepreneurship Mariotti, Steve, Caroline Glackin, 2013 *Entrepreneurship* Steve Mariotti, 2026-03

Entrepreneurship Starting and Operating a Small Business ESOSB Fifth Edition is the newest edition in a line of entrepreneurship textbooks written by Steve Mariotti founder of the Network for Teaching Entrepreneurship NFTE. Once again it is written with professor and entrepreneur Caroline Glackin and it promotes entrepreneurship as a career option for college students. This textbook is organized to follow the life cycle of an entrepreneurial venture from concept through implementation into harvesting or replication. It is a comprehensive text written in light of the reality that college students often take only one course in entrepreneurship and the topic is covered in a multitude of ways. For instructors who will teach the course as a business plan, ESOSB 5e offers step by step content to build a plan over a semester or a quarter as well as cueing questions for students working through the Lean Start up process. Business students as well as those from other disciplines can benefit from ESOSB. For business students it recasts their prior learning from a typical corporate context and focuses it on small and entrepreneurial enterprises. For students in such fields as hospitality, the arts, engineering, and fashion merchandising, the text introduces key business concepts and provides examples from a broad range of careers. Most importantly, ESOSB 5e is a balanced mix of the academic and applied components of entrepreneurship education. Students are introduced to the theories, methods, and knowledge and skills required of entrepreneurs and are immediately given practical examples and discussion opportunities. For those who focus on the management of small and entrepreneurial ventures, there is an abundance of high quality material on the critical topics of management, human resources, marketing, and operations for such ventures. For those charged with teaching a comprehensive introductory course, all of the components are provided. Provided by publisher.
