further recommends that HCFA provide additional support for selected clinical trials and that the government support the establishment of a national clinical trials registry These policies 1 should assure that beneficiaries would not be denied coverage merely because they have volunteered to participate in a clinical trial and 2 would not impose excessive administrative burdens on HCFA its fiscal intermediaries and carriers or investigators providers or participants in clinical trials Explicit rules would have the added benefit of increasing the uniformity of reimbursement decisions made by Medicare fiscal intermediaries and carriers in different parts of the country Greater uniformity would in turn decrease the uncertainty about reimbursement when providers and patients embark on a clinical trial
