Garland Of Incompetence Economy Edition English Edition:

Garland of Incompetence Ramaswamy Thanu, 2015-06-28 This book is a humorous piece of work designed to provide mirth and laughter. It presents a combination of real life situations, coincidence observations, and fiction. It gives a representative picture of attitudes and actions of individuals from different walks of life. Incompetence is a vast subject, a phenomenon which has crept into many fields of human activity. Yet an attempt is made to portray various aspects of incompetence. These include indifference of authorities and imaginary addresses to highlight incompetence. It reveals system incompetence which has contaminating influence with economic consequences. When such individuals try to solve a problem, they offer crude decisions and solutions. The names and characters in the book are purely imaginary. Incompetence is classified under three main familiar heads: viz. politics, bureaucracy, and management. The funny expressions used by individuals and their loyalty to the hub of incompetence, which has assumed the status of an icon of stupidity, find place in the book. No doubt at times this causes embarrassment to the organizations, especially to the PR Department. Incompetence leaves impact on policies akin to a genius, which in fact is the product of serendipity. These individuals become or create brand ambassadors, producing crisis and reward serendipity. Incompetence gives rise to crises of a repetitive nature. Sometimes it brings rewards to the inventor of incompetence just because the judge or assessing authority also is in the same category. This also results in rewarding serendipity. Ultimately the costs of incompetence become great; the public becomes the victim. Wastage of generated due to primitive methods of operations. But the authorities cover up incompetence by stretching the definition to include it under competence. Anyway, there is a lot of fun and humor provided by incidents of incompetence, which are the enjoyable social intangibles. It is only because of the wide variety of incarnations, incompetence assumes it is considered appropriate to name the book as a garland of incompetence. No doubt the underlying theme, though incompetence and several facets of it, is humor for relaxation and enjoyment.
