[The Mobile Photographer](#) Robert Fisher,2014-11-17 It s been said that with smartphones everyone is a photographer There is a snide implication with that statement that camera phones aren t real cameras and that the people who use them aren t real photographers In this book Robert Fisher proves that today s Android devices offer cameras that are remarkably

powerful and more than capable of producing images that rival those made with more serious equipment In this book Fisher guides readers through the menus of the Android operating system helping them to understand how to choose and use out of the box controls for better images Next he covers add on accessories and applications designed to enhance the devices capabilities While the photographic capabilities of the base camera are pretty terrific and will meet with rave reviews from many users the camera really produces images that sing when suited up with DSLR functions filters and postproduction effects all of which Fisher covers with prowess and technical skill
