Along with the major equipment used, the supplier puts a lot of training material. Instructed first-time operators learn to change a design of a casting mold about 10 times a day. They can learn to change the mold, setting equipment, and changing it after a design change, quickly.

- Covered the system in consultation with the specialist commissioning manager
- Take account of the system's architecture: is reduction in cable cross-section results in a higher current density. This can reduce the cable's life span
- When laying cables, ensure that cabling routes don't cause heat without cooling devices possible to protect or reduce heating to high current conductors
