Lanfranc, Archevêque de Cantorbéry: sa vie, son enseignement, sa politique Jacques Marie Ferdinand Joseph de Crozals, 1877 American History As Interpreted by German Historians From 1770-1815 Eugene Edgar Doll, 1948 This is a print on demand edition of an important hard to find publication *Histoire politique et religieuse de l'Arménie* François Tournebize, 1900 L'action politique et diplomatique du Saint Siège au Moyen-Orient de 1978 à 1992 Theodoros Koutroubas, 2006 Ce travail discute l hypoth se selon laquelle la Papaut poss de toutes les caract ristiques pour jouer un r le

de puissance internationale soft d'une importance certaine par sa capacité d'exercer une emprise morale directe sur un très grand nombre de citoyens et de décideurs politiques de plusieurs nations. Dans cette perspective, l'auteur analyse l'action politique et diplomatique du Saint-Siège dans une des régions les plus conflictuelles du monde où les personnes les plus susceptibles d'accueillir de manière positive son action et son discours ne sont qu'une petite minorité avec l'objectif d'apporter une contribution limitée de l'influence en tant qu'attributs de puissance au niveau international. La période choisie, la première moitié du règne de Jean-Paul II, est marquée par le fait que la capacité de destruction massive des deux superpuissances de l'époque limitait l'utilisation de la force armée en tant que moyen d'expansion de leur pouvoir. Les conclusions montrent entre autres que la puissance réelle de la Papauté est considérablement limitée lorsque se trouvent face à elle des leaders politiques des hommes de médias ou des opinions publiques qui ne partagent pas ses convictions ou qui n'ont pas les mêmes priorités face aux évolutions internationales.

International Law and Religion Martti Koskeniemi, Mónica García-Salmones Rovira, Paolo Amorosa, 2017-08-11. This book maps out the territory of international law and religion challenging received traditions in fundamental aspects. On the one hand, the connection of international law and religion has been little explored. On the other, most of current research on international legal thought presents international law as the very victory of secularization. By questioning that narrative of secularization, this book approaches these traditions from a new perspective. From the Middle Ages early conceptualizations of rights and law to contemporary political theory, the chapters bring to life debates concerning the interaction of the meaning of the legal and the sacred. The contributors approach their chapters from an array of different backgrounds and perspectives but with the common objective of investigating the mutually shaping relationship of religion and law. The collaborative endeavour that this volume offers makes available substantial knowledge on the question of international law and religion.

Political Violence and Kurds in Turkey Mehmet Orhan, 2015-10-16. The Kurdish conflict is an acknowledged long-standing issue in the Middle East and the emergence of radical Kurdish nationalist movements in the 20th century played a decisive role in the evolution of political violence. *Political Violence and Kurds in Turkey* examines how this political violence impacts Kurds in contemporary Turkey and explores the circumstances that move human beings to violent acts. It looks at the forms political violence takes and in which times and spaces it occurs as well as the roles played by micro and macro factors. It takes a theoretical approach to violence as both producer and product of interrelations between many actors and contextualises this with studies of violence in Kurdish villages and towns. The book evaluates the three levels at which political violence operates between the state and Kurdish movements among Kurdish groups and between Kurdish political organizations and Kurdish

society and divides it into its different aspects and processes fragmentation segmentation signifying intra ethnic struggles between Kurdish actors mobilization the course leading the Kurdish movement to armed conflict participation the use of violence by individuals and repertoires the forms taken by political violence Offering an in depth analysis of the dynamics behind political violence and its use amongst Kurds in Turkey this book will be a key resource for students and scholars of Middle Eastern Kurdish Studies and Conflict Studies and offers new understanding and approaches to the study of political violence

La doctrine canonique médiévale Jean Gaudemet, 2024-10-28 The question these articles seek to respond to in this fifth collection by Jean Gaudemet to be published by Variorum is how the intellectual elite of the medieval Church perceived the institutions among which they lived how they portrayed them and how they sought to influence them Whether dealing with the papacy and its place in the Church and the world with the role of the people in government or with the position of the individual in society he would argue that this is the essential question In their response this elite drew on the Bible and custom on Roman law and papal letters in order that the law could encompass all human experience To achieve this these jurists needed to create categories and work out principles hence the recourse to theology and the necessity for a logical structure a systematization Ce volume r unit dix sept tudes parues dans diverses revues ou recueils de M langes entre 1988 et 1992 Toutes concernent La doctrine canonique m di vale telle qu elle s exprime principalement du VI au XIII si cle propos des institutions de l Eglise et de ses relations avec la soci t s culi re Comment l lite intellectuelle des hommes de l Eglise m di vale a t elle per u les institutions au milieu desquelles elle vivait Quelle image a t elle voulu en donner Dans quelle voie esp rait elle les orienter Qu il s agisse de la Papaut de se place dans l Eglise et dans le Monde du r le du Peuple dans le gouvernement du sort de l individu dans le group social de l entr e dans l Eglise et de la condition de ceux qui lui restent trangers la question reste la m me Comment le droit peut il saisir l infinie vari t de l histoire des hommes *Class List of the Books in the Reference Library* Nottingham (England).
