

### 1 Battery and card

Remove the camera from its housing simply by opening the backdoor. Slide the latch over on the battery door and pop in the battery before closing it. On the side you'll find a memory card compartment – open it up and push your Micro SD card into place.

**2 Rehouse** It's important that you put the housing back on your camera correctly to ensure it's kept waterproof and safe from dust and debris. So slide the camera back into its housing and close the backdoor by snapping the top latch down firmly.

**3 Let's get filming** To turn the camera on press the Mode button on the front. If you press it again you'll find the folder of modes, where you can flick between filming and photography modes. When you're ready to record, hit the shutter button and tap it again to stop.
