[The Elementary School Library Makerspace](#) Marge Cox, 2017-12-12 A must read for elementary school librarians interested in starting a makerspace at their school but who are concerned about the cost and are looking for curriculum links for getting started Makerspaces are a powerful way to expand a school library's influence as an educational partner in the school community However many elementary school librarians and educators are hesitant to consider adding a makerspace to their programming due to concerns about costs This book focuses on effective ways to start a makerspace in your school on a shoestring budget while simultaneously supporting curriculum standards and inviting the collaboration of other members of your school community

Today's school librarians have many responsibilities and often face a shrinking budget. *The Elementary School Library Makerspace A Start Up Guide* is a one stop shop for learning the specific steps to successfully starting an elementary school library makerspace without getting behind on managing your current school library tasks and responsibilities or blowing your budget. You'll learn how and where the makerspace movement started and why, understand why today's young students crave hands on experiences and receive dozens of makerspace examples for each grade level by content area including ones for language arts, math, science, engineering, arts, social studies, and technology. The book also covers how and why to track particular numbers regarding program performance, explains how to use creativity to start your makerspace with minimal dollars, and outlines how to make your PR efforts in letting others know about your school library makerspace effective in engaging many possible audiences.

A Blueprint for the Promotion of Pro-Social Behavior in Early Childhood Elda Chesebrough, Patricia King, Martin Bloom, Thomas P. Gullotta, 2004-06-24 It is clear that violence by youth is not to be found only on city streets, in city schools, and among city youth, but anywhere and everywhere. Wrathful, disenfranchised young people reside in this volume. The editors share their insights on the latest research for how families can promote optimal development in children from birth to age six so they can grow into healthy, happy, and competent young adults. Topics include social, emotional, learning, neighborhood, and community influences, the role of teachers and other caregivers, and more. The volume includes the actual Bingham Childhood Prosocial Curriculum so that it can be implemented at any center. *A Blueprint for the Promotion of Pro Social Behavior in Early Childhood* will be a helpful resource for clinical child psychologists, school psychologists, early childhood educators, as well as for upper level students of these areas.
