Hidden History Of Litchfield County:

Hidden History of Litchfield County Peter C. Vermilyea, 2014-11-04 Local historian Peter C Vermilyea tells stories of some forgotten moments in Litchfield County CT from Native American legends to Cold War relics Traces of Litchfield County s past are hidden in plain sight Vestiges of long abandoned railroad tracks crisscross the county while a decaying and unmarked cinder block structure in Warren is all that remains of a cornerstone of national defense All but forgotten today a fire roared through Winsted in 1908 causing residents to flee their rooms at the Odd Fellows boardinghouse In Bantam art deco chairs made by the Warren McArthur Corporation prompted the War Department to order bomber seats from the company during World War II Author Peter C Vermilyea explores these and other obscure tales from the history of Litchfield County Connecticut

Wicked Litchfield County Peter C. Vermilyea, 2016-07-18 Thieves rumrunners and rapsallions all color the unsavory side of Litchfield County history Townspeople accused women of witchcraft simply for not bearing enough children in the early days of the region During the eighteenth and nineteenth centuries Owen Sullivan and William Stuart took advantage of the county s isolated stretches and a currency shortage to build counterfeiting empires In 1780 Barnett Davenport s brutal actions earned him infamy as the nation s first mass murderer Small time speakeasies slowly took hold and the omnipresence of alcohol fueled crime led to the birth of the nationwide prohibition movement Local historian Peter C Vermilyea explores these and other devilish tales from the seedier history of Litchfield County

Litchfield County and the Civil War Peter C Vermilyea, 2024-02-19 Union victory in the Civil War was far from guaranteed The Northern war effort depended upon local communities to raise the troops and supplies needed for the battlefield The history of Litchfield County highlights the challenges Northern communities faced Armed confrontation erupted over the flying of secession flags Supporting the war effort provided women with skills and experiences that would aid in the suffrage movement Scandal swirled around the local army medical examiner Family and friends actively supported their loved ones as they transformed from civilians to soldiers Author Peter C Vermilyea uses first hand accounts many never published before to investigate these events and show how the process of preparing for war created a lasting bond between a community and its soldiers

Hidden History of Connecticut Union Soldiers John Banks, 2015-10-26 Over fifty thousand Connecticut soldiers served in the Union army during the Civil War yet their stories are nearly forgotten today Among the regiments that served at least forty sets of brothers perished from battlefield wounds or disease Little known is the 16th Connecticut chaplain who as prisoner of war boldly disregarded a Rebel commander s order forbidding him to pray aloud for President Lincoln Then there is the story of the 7th Connecticut private who murdered a fellow soldier in the heat of battle and believed the man s ghost returned to torment him Seven soldiers from Connecticut tragically drowned two weeks after the war officially ended when their ship collided with another vessel on the Potomac Join author John Banks as he shines a light on many of these forgotten Connecticut Yankees

History of Litchfield County, Connecticut , 1881 *Interpreting Energy at Museums and*

Historic Sites Leah S. Glaser, 2022-12-13 Experts all agree that human beings can mitigate climate change by changing how we use energy for heat light movement and production Stewards of heritage sites and collections can engage the public at the grassroots level to raise awareness about the cultural and socioeconomic reasons for past choices that have contributed to climate change This book will help cultural institutions identify ways to interpret new stories through historic places and resources especially if staff have made the commitment to go green Without place based context discussions about energy focus primarily on the science and not the human experience By reminding us of our past practices and values regarding energy production and use historic places can inspire different ways of thinking about transitioning to different energy sources and question the doctrine that high energy use is necessary for progress Public interpretation can expose the vast energy infrastructure and the impact of energy extraction production and use on place Historic sites offer place based contexts for visitors to interact with and think critically about the processes and the impact of energy development in for example a maritime village This book synthesizes science with the humanities outside of popular media and other politicized spaces to identify different kinds of energy resources in many historic collections or sites It supplements current calls for economic and policy changes because as stewards of historic places we need to do what we can in this all hands on deck moment to prepare for shared stewardship of our future

HISTORY OF LITCHFIELD COUNTY, CONNECTICUT J. W. LEWIS AND COMPANY, 2022 *In Pursuit of Privilege* Clifton Hood, 2016-11-08 A history that extends from the 1750s to the present *In Pursuit of Privilege* recounts upper class New Yorkers struggle to create a distinct world guarded against outsiders even as economic growth and democratic opportunity enabled aspirants to gain entrance Despite their efforts New York City's upper class has been drawn into the larger story of the city both through class conflict and through their role in building New York's cultural and economic foundations *In Pursuit of Privilege* describes the famous and infamous characters and events at the center of this extraordinary history from the elite families and wealthy tycoons of the eighteenth and nineteenth centuries to the Wall Street executives of today From the start upper class New Yorkers have been open and aggressive in their behavior keen on attaining prestige power and wealth Clifton Hood sharpens this characterization by merging a history of the New York economy in the eighteenth century with the story of Wall Street's emergence as an international financial center in the late nineteenth and early twentieth centuries as well as the dominance of New York's financial and service sectors in the 1980s Bringing together several decades of upheaval and change he shows that New York's upper class did not rise exclusively from the Gilded Age but rather from a relentless pursuit of privilege affecting not just the urban elite but the city's entire cultural economic and political fabric **Annual Report of the Trustees of the State Museum of Natural History** New York State Museum, New York State Museum and Science Service, 1862 **Only the Clothes on Her Back** Laura F.
