

A GRADUATION PRAYER FOR THE CLASS OF 2020

We Bless You as You Go

Gracious God,
look with love on all our sixth-class girls and boys.

It has been a very different end to your time with us in
our school.

You have stayed home, worked hard, been creative,
learned new skills and remained strong.

Together but apart you have continued to make us proud.

Today, as we celebrate all that you have been and all that you
will become, we ask that God's blessing will wrap each
one of you in a cloak of love and protection.

We give thanks for the last eight years.

We will always remember you, the class of 2020.

We will hold you in our hearts and in our prayers as you
take the next steps on your lifelong journey of learning.

We know that you will make the very best of your
time in your new schools.

We pray that you will always know that you are loved by God,
who wants you to be the very best that you can be
so that you can set the world on fire.

May God bless you and keep you safe until we meet again.
Amen.

Religion, Education and the State Mark Strasser, 2016-04-08 In the context of education Church and State issues are of growing importance and appear to be increasingly divisive This volume critically examines the developing jurisprudence relating to religion in the schools beginning with Everson v Board of Education where the US Supreme Court discussed the wall of separation between Church and State The study traces both how the Court's views have evolved during this period and how through recharacterizations of past opinions and the facts underlying them the Court has appeared to interpret Establishment Clause guarantees in light of the past jurisprudence when in reality that jurisprudence has been turned on its head The Court not only offers an unstable jurisprudence that is more likely to promote than avoid the problems that the Establishment Clause was designed to prevent but approaches Establishment Clause issues in a way that decreases the likelihood that an acceptable compromise on these important issues can be reached The study focuses on the situation in the US but the important issue of religion education and the state has great relevance in many jurisdictions

Judicial Decision Making Lawrence S. Wrightsman, 2012-12-06 In the mid 1970s as a social psychologist dedicated to the application of knowledge I welcomed our field's emerging interest in the legal system I have always been fascinated by jury trials something about the idea that two conceptions of the truth were in irrevocable conflict and jurors could choose only one of them More important the criminal justice system is a major social force that has been ignored by social psychologists for most of the twentieth century As I systematically began to explore the applications of social psychological concepts to the law 20 years ago I experienced the delight of discovery similar to that of a child under a Christmas tree It has been satisfying to be among the cohort of researchers who have studied the legal system especially trial juries from a psychological perspective I believe we have learned much that would be useful if the system were to be revised If the system were to be revised there's the rub As I have stated my original motivation was the application of knowledge Like other social scientists I believed perhaps arrogantly that the results of our research efforts could be used to make trial juries operate with more efficiency accuracy and satisfaction Over the last two decades much knowledge has accumulated How can we put this knowledge to work Judges are the gatekeepers of the legal system

Homophobia in the Black Church Anthony Stanford, 2013-03-14 This book explains how faith politics and fear contribute to the homophobic mindset within the Black Church and the African American community

Homophobia in the Black Church How Faith Politics and Fear Divide the Black Community explores the various reasons for

the Black Church's aversion and the general black cultural inflexibility toward homosexuality same sex marriage and acceptance of the LGBT community It connects black cultural resistance toward homosexuality to politics faith and fear follows the trail of faith based funding to the pulpit of black mega churches and spotlights how members of the black clergy have sacrificed black LGBTQ Christians for personal and political advancement The author systematically builds his case linking the reasons blacks are intolerant of deviation from acceptable sexual behavior to the 1960s struggle for racial equality and tying longstanding black sexual mores to present day politics social conservatism and the lure of federal funding to black churches and religious and social organizations He also spotlights specific homophobic black ministers and draws back the curtain on their alliance with White social conservatives and religious and political extremists to reveal an improbable but powerful union

ABA Journal,1987-10-01 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Twilight of Liberty** William A. Donohue,2017-09-08 Twilight of Liberty is a sequel to Donohue's highly regarded The Politics of the American Civil Liberties Union but with a marked change in emphasis Instead of challenging the ACLU's nonpartisan reputation as he did in the earlier volume Donohue now seeks to demonstrate why and how recent ACLU policy undermines the process of liberty He argues that the ACLU by relentlessly warring with mediating institutions and by pushing a radical individualism in its policies is not making us more but less free Two conceptions of liberty are discussed The first considers the social context in which the struggle for freedom takes place It maintains that freedom is best achieved through a delicate balancing of individual rights with the legitimate needs of the social order The other conception of liberty is atomistic exclusively concerned with the rights of the individual According to Donohue such a definition assures the triumph of the state over the mediating institutions of society thus reducing prospects for freedom This is the first book to critically analyze contemporary ACLU policy and to challenge its reputation as the preeminent voice of freedom in the United States It aims to move beyond the idea that freedom is best served by pushing individual rights to extremes Twilight of Liberty will appeal to scholars in the fields of law social policy and culture Students in civil liberties courses will also find this book a valuable resource
