Subcommittee on Postsecondary Education, Training, and Life-long Learning, 1995 The subcommittee met to discuss and hear testimony on Title IX of the Education Amendments of 1972 a law designed to prohibit sex discrimination in intercollegiate athletics at federally funded education programs or activities Among issues addressed were the means by which universities demonstrate that they are in compliance with Title IX as well as the achievements and benefits of the legislation in the 23 years since it was passed

Witnesses who appeared in panels to testify included House Representatives Hastert and Collins and representatives of the Office of Civil Rights at the Department of Education. Also appearing were representatives of universities including the president of Brown University Vartan Gregorian and president of Eastern Illinois University David L. Jorns. They were either troubled by the direction of Title IX enforcement or felt that current enforcement allows an appropriate level of flexibility in achieving compliance. Representatives of several organizations in the athletic community appeared including the National Association of Collegiate Women Athletics Administrators, the National Wrestling Coaches Association, Women's Sports Foundation, and the College Football Association. These offered differing opinions on the impact of Title IX on their sports and athletes. Extensive additional material that was submitted for the record is included.
