Return of the College of Trivial Knowledge Robert Nowlan,2019-01-18 sold quite well and earned good reviews with USA Today Playboy and numerous major newspapers I was interviewed by phone on many radio shows across the nation Two years later Morrow published The New College of Trivial Knowledge which also had good sales Now thirty five years later I have completed The Return of the College Knowledge with completely new factual quizzes on a variety of subjects including Movies TV Music Art Sports Theater History Geography literature politics Presidents Poetry Philosophy Economics biography science and mathematics to name but a few As in the previous two books each quiz consists of three levels the B A the M S and the PhD reflecting increasing degrees of difficulty The assignment of each item to a level is not based on definitive criteria Depending on a reader's life experiences it's possible that the Ph D level is not the hardest or the B A the easiest for a particular person When you know the answer the question will appear easy Many of the tests are of a matching type in which a reader can reasonably eliminate some possible matches Here is a confession have chosen items to test that might be considered common knowledge acquired over a lifetime And here is the best part the quizzes are meant to inform so even if one does not score well on a particular quiz the answers will be revealed to them and they have acquired new knowledge of a nature that they may wish to explore the subject further The quizzes cannot also be used in competitions At the time of the first two books I heard from nursing homes hospital libraries detailing how they used the tests to entertain an enlightened people of all ages The elderly proved to have remarkable memories of things they learned long ago As you know memory loss is like peeling back layers of knowledge with the most recent usually the first to go Well what is meant by trivia in this context As the punster gets satisfaction upon hearing groans as reactions to a pun revealing a bit of trivia should be met with

surprise It doesn't do to be called a trivia expert Once while being interviewed on a Chicago radio station during the commercial the host warned me that I was about to be challenged by a boy claiming he could stump me Now anyone can be stumped so I wasn't concerned until I realized I had embarrassed myself Back on air the young man said Hello Uncle Bob I bet you can't name all your nieces and nephews and to help you I'm Kevin I was able to come up with two additional correct names but then I drew a blank and had to admit I was stumped by a twelve year old nephew By definition trivia are matters or things that are very unimportant inconsequential or nonessential trifles trivialities Nevertheless trivia facts or details are considered to be amusing rather than serious or useful The following are a few quotations from fans of trivia *Up to the Mark* C.
