Jeep Wrangler JL and Gladiator JT Don Alexander, 2021-12-02 Learn your modification options for the most modern and exciting Jeeps. Going back to World War II Jeeps have had a special place in America's heart. The utility vehicle that helped win the war transitioned into the civilian Jeep or CJ and the Jeep brand has had several owners over the years. While still remaining wildly popular it has evolved. The Wrangler version of the Jeep was transformed with the release of the JK for the 2007 model year. With a more practical 4 door version this Wrangler became a popular vehicle for year round use which appealed to off roaders as well as soccer moms. For the 2017 model year Jeep seriously upgraded the Wrangler which is now dubbed the JL and added an exciting new model the Gladiator or JT which is essentially a pickup version of the Wrangler. In *Jeep Wrangler JL and Gladiator JT Performance Modifications* Jeep experts Don Alexander and Quinn Thomas introduce you to these new models and walk you through the capabilities and options for all of the trim levels. Then they examine how to make these things better system by system. Suspension steering and brakes are covered as they are the heart of any off road rig. Also examined are modification options for axles driveshafts and differentials as well as bumpers armor and protection. Of course off roaders need a quality winch recovery gear and upgraded electrics so options are explored here as well. Wheels and tires are also very important for those leaving paved roads and upgrade options for all of the trim levels and lift levels are covered thoroughly. Whether you want to build a JL or JT to be a serious rock crawler or simply look like you are going off road all of your options are thoroughly explained in this book. Add a copy to your Jeep reference library **A Deed of Trust** E. D. Frazier, 2006-08 Gregory Dishon founder of American Dream Mortgage Company sat in his well hidden high rise office a few blocks away listening as he watched the entire exchange between his top producer Jonathan Franks and agent Eve Campbell of the NCCOB. The whole inquiry had taken less than 30 minutes. Frank's reaction or lack of when told about Thorne was unsettling. Dishon assumed Franks would lead him to Thorne. Sean Thorne had become a liability that needed to

be neutralized and now possibly Franks Thorne eluded Dishon's best and disappeared into thin air Thorne had to be found at any cost Watching every move Franks made from this point was no longer an option it was now a way of life But with this new speed bump he would have to be very cautious Having the government state or federal looking into his affairs was not something for which he was prepared Dishon felt he might have to tread lightly possibly shutting down his operation and reopening elsewhere Though he never got a close look at agent Campbell there was something prophetic about the way she carried herself
