DR. S.M. EJAZ AHMAD, 2024-12-17 Human resource development policies place a strong emphasis on training and skill improvement The scale of India's present technical training infrastructure is less than what is needed There is also a sizable skill gap between what the market requires in terms of skills and what graduate and diploma programs have to offer Not only is it difficult to establish a significant quantitative expansion of skill training facilities but it's also difficult to improve their quality which is a work that is just as significant The institutional level's capacity for educational and training programs is insufficient to meet the rising demand for the necessary skill sets knowledge and experience Apprenticeships have great promise in fostering our youths starting at the school level especially with several industries experiencing significant skills deficits in the future The National Apprenticeship Training Scheme NATS in India which promotes learning by earning and learning by doing is a potent tool for skill development Important changes have been made to The Apprentices Act 1961 to help freshly graduated students who are joining the workforce receive industrial training and exposure to contemporary industrial procedures The BOAT Boards of Apprenticeship Training situated in Mumbai Kanpur Chennai and the BOPT Board of Practical Training headquartered in Kolkata are the four independent regional organizations through which the Ministry of Education MoE implements the program Despite its significance and the crucial role that skill development plays in the economy it has been discovered that the topic has not recently been investigated Therefore it was crucial to investigate the facts of the apprentices job and training experiences and the business community's opinions regarding NATS and the subject matter of such a scheme Additionally it will assist policymakers academicians and industrialists in comprehending the gaps and choosing their future course of action A CRITICAL ANALYSIS OF THE NATIONAL APPRENTICESHIP TRAINING SCHEME NATS ON EMPLOYABILITY OF TECHNICAL GRADUATES A CASE STUDY OF THE EASTERN REGION has been published

The report includes data from numerous stakeholders as well. The main areas of focus for the investigation were skill and employability development, the role of industries in closing trainees' skill gaps, the level of awareness about NATS amongst the passing graduates, and successful industry-institute collaboration through set schedules, targeted group discussions, and spontaneous dialogues.
