unprofessional and that being serious and gloomy is the only respectable way to spend their work life As a result most modern offices have become extremely humorless artificial and stressful places But we don't have to be humorless to run a business In fact the ability to laugh at yourself and your work is one of the true qualities of great and successful leaders A good sense of humor can defuse tension lighten difficult situations and even help solve complex personal and business problems creatively To do that you must be willing to think in atrocious ridiculous and illogical ways Modern management consultants like to call this thinking out of the box but I prefer to call it old fashioned creativity and humor something that has existed for centuries Top Secret Business Humor is a collection of witty satire inspired by the corporate jungle its processes performances strategies customer obsessions endless meetings quality crusades and the daily dramas we endure for several hours a day This book invites you to explore the creative and wackier side of office life to laugh to reflect and to rejuvenate your day All chapters are entirely fictitious and best taken with a pinch of salt though the paper may not be edible The author makes no representations or warranties of any kind regarding the accuracy usability or usefulness of the contents So go ahead get serious about adding some humor to your life
