Informing the Practice of Teaching Using Formative and Interim Assessment Robert W. Lissitz, 2013-03-01 This book focuses on interim and formative assessments as distinguished from the more usual interest in summative assessment I was particularly interested in seeing what the experts have to say about a full system of assessment This book has particular interest in what information a teacher a school or even a state could collect that monitors the progress of a student as he or she learns The authors were asked to think about assessing the effects of teaching and learning throughout the student's participation in the curriculum This book is the product of a conference by the Maryland Assessment Research Center for Education Success MARCES with funding from the Maryland State Department of Education *Rethinking Teacher Supervision and Evaluation* Kim Marshall, 2013-04-22 Teacher supervision and evaluation that emphasizes fairness excellence and achievement In this thoroughly revised and updated edition of his bestselling book education expert Kim Marshall shows how to break away from the typical and often ineffective evaluation approaches in which principals use infrequent classroom visits or rely on standardized test scores to assess a teacher's performance Marshall proposes a broader framework for supervision and evaluation that enlists teachers in improving the performance of all students Revised edition of the classic book on teacher supervision and evaluation Includes thoughts on iPad and iPhone apps for classroom observation Offers new chart on how principals can manage ten mini observations per teacher per year Contains new thoughts on merit pay a different approach to the test score argument from Arne Duncan This vital resource also includes extensive tools and advice for managing time as well as ideas for using supervision and evaluation practices to foster teacher professional development
