

# Housing after the Neoliberal Turn

## International Case Studies

The housing question is a universal question. Everywhere, it speaks differently but directly to the challenges that define our times: social inequality, ecological crisis, displacement, racism, migration, and privatization. This volume *Housing after the Neoliberal Turn: International Case Studies* interprets the neoliberal context as a defining condition for contemporary housing. The book consists of two parts: a series of essays by authors from the fields of architecture, anthropology, economy, and literature depicting various, often-contradicting contexts, and, part two, an atlas of global housing that takes the neoliberal turn as its starting point.

*English Renaissance Drama and the Specter of Spain* Eric J. Griffin, 2012-02-28 The specter of Spain rarely figures in our discussions of the drama that is often regarded as the crowning achievement of the English literary Renaissance Yet dramatists such as Thomas Kyd Christopher Marlowe and William Shakespeare are exactly contemporary with England's protracted conflict with the Spanish Empire a traditional ally turned archetypal adversary Were these playwrights really so mute with respect to their nation's Spanish troubles Or have we failed for reasons cultural and institutional to hear the Hispanophobic crosstalk that permeated the drama no less than England's other public discourses Imagining an early modern public sphere in which dramatists cross pens with proto imperialists Protestant polemicists recusant apologists and a Machiavellian network of propagandists that included high government officials as well as journeyman printers Eric Griffin uncovers the rhetorical strategies through which the Hispanophobic perspectives that shaped the so called Black Legend of Spanish Cruelty were written into English cultural memory At the same time he demonstrates that the English were as ready to invoke Spain in the spirit of envious emulation as to demonize the Spanish other as an ethnic agent of intolerance and oppression Interrogating the Whiggish orientation that has continued to view the English Renaissance through a haze of Anglo American triumphalism *English Renaissance Drama and the Specter of Spain* recovers the voices of key Spanish participants and the Hispanized Catholic resistance revealing how England and Spain continued to draw upon shared traditions and cultural resources even during the moments of their most storied confrontation

**Spectre is Haunting Arabia** Miriam M. Müller, 2015-11-15 Radical ideologies may manifest differently at first but they do follow a similar logic truth claims promises of salvation and a unifying common enemy In Yemen's transition process today the secessionist movement Al Hirak has summoned the spirit of South Yemen the only Marxist state in Arabia This book meticulously describes how East Germany supported the implantation of this alien ideology in Yemen through its policy of Socialist state and nation building In the same breath the analysis captures the GDR's activities in the Middle East and their vital role in Moscow's Cold War strategy Last but not least the study provides one of the few compact overviews of East German foreign policy in the English language of today **The Spectre of the Other in Jungian Psychoanalysis** Marybeth Carter, Stephen Farah, 2022-12-30 Winner of the IAJS Book Award 2023 for Best Edited Book Winner of the 2023 Gradiva Award for Best Edited Book This volume explores Jung's theories in relation to the concept of Other and in conjunction with the lived experience of it while examining current events and cultural phenomena through the lens of Jungian and post Jungian psychology sociology literature film and philosophy The contributors examine global expressions of these various viewpoints disciplines and life experiences and how cultural political and sociological complexes evoke challenges as well as invitations to the idea of the Other from intersecting and convergent perspectives The Spectre of the Other in Jungian Psychoanalysis is timely and important reading for Jungian and post Jungian analysts therapists academics students and creatives **The Cambridge Handbook of the Global Work-Family Interface** Kristen M. Shockley, Winny Shen, Ryan C. Johnson, 2018-04-26 The Cambridge Handbook of the Global Work Family Interface is a response to growing interest in understanding how people manage their work and family lives across the globe Given global and regional differences in cultural values economies and policies and practices research on work family management is not always easily transportable to different contexts Researchers have begun to acknowledge this conducting research in various national settings but the

literature lacks a comprehensive source that aims to synthesize the state of knowledge theoretical progression and identification of the most compelling future research ideas within field The Cambridge Handbook of the Global Work Family Interface aims to fill this gap by providing a single source where readers can find not only information about the general state of global work family research but also comprehensive reviews of region specific research It will be of value to researchers graduate students and practitioners of applied and organizational psychology management and family studies

**Water Diplomacy in Action** Shafiqul Islam,Kaveh Madani,2017-01-02 Complex water problems cannot be resolved by numbers or narratives Contingent and negotiated approaches are necessary for actionable outcome In the face of a constantly changing array of interconnected water issues that cross multiple boundaries the challenge is how to translate solutions that emerge from science and technology into the context of real world policy and politics Water Diplomacy in Action addresses this task by synthesizing two emerging ideas complexity science and negotiation theory to understand and manage risks and opportunities for an uncertain water future Rooted in the ideas of complexity science and mutual gains negotiation this edited volume shows why traditional systems engineering approaches may not work for complex problems what emerging tools and techniques are needed and how these are used to resolve complex water problems **Linguistic**
