Build more complicated interactions that utilize multiple views, data entry, editing, and rotation. Work with the iPhone's camera, GPS, and accelerometer. Optimize, test, and distribute your application. We think your time is too valuable to waste struggling with new concepts. Using the latest research in cognitive science and learning theory to craft a multi-sensory learning experience, Head First iPhone and iPad Development has a visually rich format designed for the way your brain works, not a text-heavy approach that puts you to sleep.
