EBOOK: Financial Accounting (GE), 8e Robert Libby, Frank Hodge, Patricia Libby, 2016-04-16 EBOOK Financial Accounting GE 8e **Study Guide for Use with Financial Accounting** Robert Libby, Patricia A. Libby, Daniel G. Short, 2003 Libby Libby Short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not. They believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business. When writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design. Libby Libby Short is the only financial accounting text to successfully implement a real world single focus company approach in every chapter. Students and instructors have responded very favorably to the use of focus companies and the real world financial statements. The companies chosen are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting.

Accounting: Business Reporting for Decision Making, 9th Edition Jacqueline Birt, Keryn Chalmers, Suzanne Maloney, Albie Brooks, David Bond, Judy Oliver, 2025-11-24 Birt's Accounting Business Reporting for Decision Making 9th Edition is the market leading text for core accounting units in business and commerce degrees specifically designed for first year students across all business disciplines including marketing and HRM. What sets this text apart is its focus on the connection between accounting and business decision making presented from a management and stakeholder perspective rather than a technical accounting view.
