Fastiggi,2014-05-17 Creating Eartheaven in Your Life is unique and it is innate in all human beings Humanitys quest for a wholesome peaceful life

goes unabated Our search for our better self that identifies with the reality of the world we live in all too often filled with grief and stress is juxtaposed with faith and hope for change or a miracle Do we just have faith expecting God will deliver humanity from the ills we have caused Should we just buckle down and be practical seeking solution with our rational self What kind of God do we actually know or are we seeking a relationship with an image of God taught to us What is the divine matrix and does a personal God speak to us Science stands for one view of creation and faith stands for another Is there a joining point of the two Has our species Homo sapiens stalled out in evolutionary development Is the world becoming a village of cooperation and mutual peace seeking Can we continue the way we have been and survive our own arrogance What is the future of faith religion and spirituality The author in a comprehensive way takes us on a journey to explore answers to these questions and much more Eartheaven is a paradigm of integration between the souls development and our biological body and by extension all creation He delves into scientific reality while preserving in the beginning God created Creating Eartheaven in Your life is a deep exploratory of the souls life in the experience of hurt and suffering and the potential for there to be personal divine human embodiment and therefore earth peace Through ten fundamental teaching combining Jesus words of two thousand years ago an Aramaic understanding the authors revelatory experience in an apparition of Jesus his 44 years life experience psychology and science your reading and learning experience will be a challenge and liberation of the soul Profound transformation is needed and this codex offers the leverage needed to shift our life course towards personal awakening and transformation as well as providing a blue print for future generations Creating Eartheaven in Your Life brings us into universal principles of life a meeting for humanity without walls This volume of two addresses specifically transformation of the soul heaven unfolding Volume two addresses transformation of the body representing the earth and thus eartheaven Granted this book is not an easy read but proves to be a strong mirror reflecting back to us our lives and what we can become fulfilling humanitys evolutionary life potential and perhaps vital to our survival as a people

**Companion to "Soul and Satva - Sermons of Life"** Dr. Gurudutta Japee,Dr. Preeti Oza,Fr. Magi Murzello,2022-11-10 Can you recall a time when a story made an impression on you Have you ever felt transported to another time and place where you felt the feelings and understood the motivations of the people there Through storytelling we can put ourselves in the characters shoes We share many of their feelings and understandings The question of how we would respond if put in a comparable situation is something we may all ask ourselves One of the many advantages of listening to or reading captivating stories is the feeling of belonging they can evoke They help the audience feel at ease which boosts their openness to new information and allows them to enter the story from their perspective Because of the flexibility of good stories they are surprisingly useful at breaking down complex ideas into manageable chunks To that end telling a story is more engaging than explaining a theoretical concept or reciting a list of numbers Every day we face a myriad of moral conundrums Once we ve given anything some thought and formed an opinion about its goodness or evilness that view tends to stick with us Although we don t always follow our moral convictions they do serve as a source of motivation for us Sometimes the most important lesson we can learn from a story is the value of human interaction Engagement suitable for a wide range of students Safer learning environments encouraging creative thinking providing information that is retained It s no surprise that executives in various industries are turning to storytelling as a potent means of accomplishing the aforementioned goals Storytelling has universal appeal Through the power of the author s imagination even the most mundane circumstances can be elevated to the fantastic in a story Wonderful journeys await us with their guidance and we might learn compassion from them They can make us happy sad or scared but always leave us feeling better in the end From an early age we are taught to take pleasure in stories both as a means of entertainment and as a tool in our quest for self and world understanding Anger

Farley,2019-08-19 On ending up in a too familiar situation after years of emotional and physical pain I began searching for answers as to why all these difficulties kept happening It was at this life threatening time that I was first approached by the energy vibration of the four archangels Due to the fact I had always seen spirits as physical people I didn't believe the angels instructions but after another very special visitation where they showed themselves to me which is no easy feat for them I agreed to write their words and that's how this book manifested As I wrote my life began to make sense which now enables me to live with more awareness of what part I have to play in my soul's journey opening my eyes to wonderful new possibilities When angels speak do you listen I did and now you too can experience the higher healing knowledge of how your soul's journey affects your human existence and how you can work with your soul to ease life's impact So give yourself permission to engage with the timeless angelic knowledge that will enable you to encounter a freedom never felt or known before      The Gospel by Matthew ,1860      **The Soul of Life, Or, What is Love?** David Lisle,1913      **West Virginia Wild Life; Official Monthly Publication of the Wild Life League of West Virginia** ,1928
