Coping, Personality and the Workplace Alexander-Stamatios Antoniou,Cary L. Cooper,2017-05-15 How an individual responds to crises and critical incidents at work both immediately and subsequent to the event is heavily influenced both by personality characteristics and their use of coping strategies These can in turn be affected by levels of education gender and even the profession within which the individual is working Coping Personality and the Workplace offers theory research and practice on our ability to cope with dangerous situations critical incidents or other work crises The chapters include perspectives on social and health habits and risks gender and age differences as well as a range of different sources of threat financial psychological and physical those within and outside the individual s control immediate and chronic For organizations this collection provides help and advice to build into employee safety and support programmes for policy makers a sense of the emerging sources of risk related to occupational health and for researchers an anthology of original applied research from some of the leading authors in three continents

Positive Organizational Behaviour Miguel Pina e Cunha,Arménio Rego,Ace Simpson,Stewart Clegg,2020-01-27 Positive Organizational Behaviour A Reflective Approach introduces the most recent theoretical and empirical insights on positive organizational practices addressing emerging topics such as resilience job crafting responsible leadership and mindfulness Other books on positive approaches tend to gloss over the limitations of the positive agenda but this textbook is unique in taking a reflective approach focussing on the positive while also

accommodating critical perspectives relating to power and control Positive Organizational Behaviour provides an integrated conceptual framework evidence based findings and practical tools to gain an understanding of the potential of positive organizational practices This innovative new textbook will provide advanced management and psychology students with a grounding in the area and help them develop strategies for building effective and responsible organizations **Reasoning**

in Measurement Nicola Mößner, Alfred Nordmann, 2017-03-16 This collection offers a new understanding of the epistemology of measurement The interdisciplinary volume explores how measurements are produced for example in astronomy and seismology in studies of human sexuality and ecology in brain imaging and intelligence testing It considers photography as a measurement technology and Henry David Thoreau's poetic measures as closing the gap between mind and world By focusing on measurements as the hard won results of conceptual as well as technical operations the authors of the book no longer presuppose that measurement is always and exclusively a means of representing some feature of a target object or entity Measurement also provides knowledge about the degree to which things have been standardized or harmonized it is an indicator of how closely human practices are attuned to each other and the world DNA Is Not

Destiny: The Remarkable, Completely Misunderstood Relationship between You and Your Genes Steven J. Heine, 2017-04-18 An important book Heine's vibrant writing makes it come alive with personal significance for every reader Carol Dweck author of Mindset Scientists expect one billion people to have their genomes sequenced by 2025 Yet cultural psychologist Steven J Heine argues that in trying to know who we are and where we come from we're likely to completely misinterpret what's in our DNA Heine's fresh surprising conclusions about the promise and limits of genetic engineering and DNA testing upend conventional thinking and reveal a simple profound truth your genes create life but they do not control it *Courts to the Rescue of the Public Interest* Rob Van Gestel, 2025-05-14 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline.com This timely book examines the increasing pressure on courts to protect underrepresented matters of public interests at the risk of political reprisals It explores the different strategies used by judges across jurisdictions in Europe the USA India and South Africa to legitimize their decisions in contentious public interest cases **The Mind Guide** Tamunofinaria Brown, 2014-08-29 Issues discussed in this book reflect not only research work but also experience by the author to guide the mind of individuals who had been prejudiced by mind sets training doctrines beliefs and peers Some individual had accepted poverty and believed they will never be rich Some others had accepted defeat in life and lay blames on their surroundings friends and families instead of blaming it on their lack of persistence perseverance selfimprovement and unceasing prayers However after reading this book you will hone your thoughts You can think yourself into success or into poverty You can think yourself into progress or retrogression Our mind sets are the powerhouse of our actions success and failure in all areas of our lives love faith sex business education profession marriage friendship etc The perspectives in this book are the issues of fears the four Idols that prejudice
