Life, a Little Brown Dog and Shite Like That Michael Riddell, 2011-12 Having sex is like playing bridge If you don't have a good partner you'd better have a good hand Woody Allen This quote has nothing to do with this book I just put it in as I think it's funny But it does go to show you don't have to be straight laced to find your soul to be out there Having fun and being funny is integral to being a human being I'm here to tell you why a bloke like me would want to find his soul and why you may want to as well The mere idea of blokes with souls sounds like a disease of plague proportions right up there with zombies lepers and dogs with rabies Why is this so I have no idea except to tell you what I have seen Most of my mates feel uncomfortable as they open up their soft side as it takes them clean out of their comfort zone when they talk about stuff that makes them feel all soft feminine and in the eyes of adversaries and mates alike just plain weak As my old footballing coach would say from here it's only a short cuddle to playing for the other team and not too many men want this Or at least be caught out in the open But there is one hell of a difference between blokes expressing their love and compassion for a mate and tapping them on the shoulder with a twinkle in their eye and a bullseye on their bum Why would I put myself through this shite when to believe in this new age stuff is to be seen as a girl Why should blokes want to find their soul What's the upside Well I'd be bullshitting if I said I knew the definitive answer But I do know this it has everything to do with finding the truth Your truth And if you're looking for the truth the best place to start is with yourself In doing so a door will open for you to see the big picture and to become way better at being human At being a bloke

**Magician's Show Box, and Other Stories** Lydia Maria Child, Caroline Sturgis Tappan, 2022-09-16 In *The Magician's Show Box and Other Stories* the reader embarks on a literary journey through an enchanting collection of tales woven with magic, moral allegories, and the whimsical fabric of nineteenth-century American storytelling. The anthology embraces an array of styles, from quietly instructive narratives to fantastical vignettes, echoing the rich tapestry of the era's literary ethos. The significance of the collection lies in its ability to captivate and enlighten, offering tales that are profound yet accessible and occasionally tinged with humor and whimsy, all culminating in a crescendo of stories that illuminate inherent truths about human nature. Edited by Lydia Maria Child and showcasing contributions from the likes of Caroline Sturgis Tappan, this anthology is a collaborative effort reflecting culturally significant movements of the time. Child, a staunch abolitionist and advocate for women's rights, lends her reformist spirit to the collection, while Tappan, known for her transcendental inclinations, adds depth with her metaphysical musings. The collective voices represent the convergence of transcendentalism, morality, and social critique, offering readers insights into the shared American consciousness and the burgeoning literary movements of the nineteenth century. *The Magician's Show Box and Other Stories* provides readers a rare opportunity to traverse a multifaceted landscape of nineteenth-century thought and imagination. Whether seeking the educational benefits afforded by these historical narratives or simply desiring to engage with diverse storytelling traditions, readers will find themselves drawn into a splendid dialogue that bridges the past with the present.

*Reading Corporeality in Patrick White's Fiction* Bridget Grogan, 2019-03-25 In *Reading Corporeality in Patrick White's Fiction: An Abject Dictatorship of the Flesh*, Bridget Grogan combines theoretical explication, textual comparison, and close reading to argue that corporeality is central to Patrick White's fiction, shaping the characterization, style, narrative trajectories, and implicit philosophy of his novels and short stories. Critics have often identified a radical disgust at play in White's writing, claiming that it arises from a defining dualism that posits the purity of the disembodied spirit in relation to the pollution of the material world. Grogan argues convincingly, however, that White's fiction is far more complex in its approach to the body. Modeling ways in which Kristeva's theory may be applied to modern fiction, her close attention to White's recurring interest in physicality and abjection draws attention to his complex questioning of metaphysics and subjectivity, thereby providing a fresh and compelling reading of this important world author.
