Life Orientation Exemplar 2014:

The Partisan Next Door Ethan C. Busby, Adam J. Howat, Jacob E. Rothschild, Richard M. Shafranek, 2021-09-29 In the United States politics has become tribal and personalized The influence of partisan divisions has extended beyond the political realm into everyday life affecting relationships and workplaces as well as the ballot box To help explain this trend we examine the stereotypes Americans have of ordinary Democrats and Republicans Using data from surveys experiments and Americans own words we explore the content of partisan stereotypes and find that they come in three main flavors parties as their own tribes coalitions of other tribes or vehicles for political issues These different stereotypes influence partisan conflict people who hold trait based stereotypes tend to display the highest levels of polarization while holding issue based stereotypes decreases polarization This finding suggests that reducing partisan conflict does not require downplaying partisan divisions but shifting the focus to political priorities rather than identity a turn to what we call responsible partisanship

The Social Life of Prayer Andreas Bandak, 2021-03-09 This book brings the theme of prayer into anthropological discussion Across diverse significant ethnographic case studies five anthropologists attend to prayers and how they are performed and seen to intervene in the social world The studies include Pentecostals in Zambia Charismatic Christians in Ghana Protestants in Scotland Eastern Orthodox Christians in Romania and Catholics in Syria Across these ethnographic cases the book argues that focusing on the social life of prayer offers a significant way to engage with matters close to people Prayers are a way to map affect and the affective relationships people hold in what they are oriented towards and care about Taking its cue from Marcel Mauss the book invites us to go beyond the individual and see how prayers always point to a broader social landscape of obligation and affective investment Focusing on the social life of prayers the book posits accordingly entices a particular form of situated comparison of diverse Christian traditions that pushes the scholarly conversation on Christianity to consider central questions of agency responsibility and subjectivity Taking up prayer as the object of study this book offers novel anthropological perspectives on Christian life and practice The chapters in this book were originally published a special issue of Religion

Philosophy Imprisoned Sarah Tyson, Joshua M. Hall, 2014-07-30 Western philosophy's relationship with prisons stretches from Plato's own incarceration to the modern era of mass incarceration Philosophy Imprisoned The Love of Wisdom in the Age of Mass Incarceration draws together a broad range of philosophical thinkers from both inside and outside prison walls in the United States and beyond who draw on a variety of critical perspectives including phenomenology deconstruction and feminist theory and historical and contemporary figures in philosophy including Kant Hegel Foucault and Angela Davis to think about prisons in this new historical era All of these contributors have experiences within prison walls some are or have been incarcerated some have taught or are teaching in prisons and all have been students of both philosophy and the carceral system The powerful testimonials and theoretical arguments are appropriate reading not only for philosophers and prison theorists generally but also for prison reformers and abolitionists

The Philosophy and Psychology of Character and Happiness Nancy E. Snow, Franco V. Trivigno, 2014-06-05 Since ancient times character virtue and happiness have been central to thinking about how to live well Yet until recently philosophers have thought about these topics in an empirical vacuum Taking up the general challenge of situationism that philosophers should pay attention to empirical psychology this interdisciplinary volume presents new essays from empirically informed perspectives by philosophers and psychologists on western as well as eastern

conceptions of character virtue and happiness and related issues such as personality emotion and cognition attitudes and automaticity Researchers at the top of their fields offer exciting work that expands the horizons of empirically informed research on topics central to virtue ethics

Indigenous Intergenerational Resilience Lewis Williams, 2021-11-04 This book argues that there is a need to develop greater indigenous led intergenerational resilience in order to meet the challenges posed by contemporary crises of climate change cultural clashes and adversity In today s media the climate crisis is kept largely separate and distinct from the violent cultural clashes unfolding on the grounds of religion and migration but each is similarly symptomatic of the erasure of the human connection to place and the accompanying tensions between generations and cultures This book argues that both forms of crisis are intimately related under scored and driven by the structures of white supremacy which at their most immediate and visible manifest as the discipline of black bodies and at more fundamental and far reaching proportions are about the power privilege and patterns of thinking associated with but no longer exclusive to white people In the face of such crisis it is essential to bring the experience and wisdom of Elders and traditional knowledge keepers together with the contemporary realities and vision of youth This book s inclusive and critical perspective on Indigenous led intergenerational resilience will be valuable to Indigenous and non Indigenous interdisciplinary scholars working on human ecological resilience

Affective Encounters Di Wu, 2020-08-17 Against the background of China s rapidly growing and sometimes highly controversial activities in Africa this book is among the first of its kind to systematically document Sino African interactions at the everyday level Based on sixteen months of ethnographic fieldwork at two contrasting sites in Lusaka Zambia a Chinese state sponsored educational farm and a private Chinese family farm Di Wu focuses on daily interactions among Chinese migrants and their Zambian hosts Daily communicative events e g banquets market negotiations work place disputes and various social encounters across a range of settings are used to trace the essential role that emotion affect plays in forming and reproducing social relations and group identities among Chinese migrants Wu suggests that affective encounters in everyday situations as well as failed attempts to generate affect should not be overlooked in order to fully appreciate Sino African interactions Deeply researched and with rich ethnographic detail this book will be relevant to scholars of anthropology international development and others interested in Sino African relations

The Nonprofit Sector Walter W Powell, Patricia Bromley, 2023-05-25 Timely unique and definitive not only chronicles the history of the nonprofit sector but also provides a broad but critical analysis of its current state Vartan Gregorian President Carnegie Corporation of New York The nonprofit sector has changed in fundamental ways in recent decades As the sector has grown in scope and size both domestically and internationally the boundaries between for profit governmental and charitable organizations have become intertwined Nonprofits are increasingly challenged on their roles in mitigating or exacerbating inequality And debates flare over the role of voluntary organizations in democratic and autocratic societies alike The Nonprofit Sector takes up these concerns and offers a cutting edge empirical and theoretical assessment of the

state of the field This book now in its third edition brings together leading researchers economists historians philosophers political scientists and sociologists along with scholars from communication education law management and policy schools to investigate the impact of associational life Chapters consider the history of the nonprofit sector and of philanthropy the politics of the public sphere governance mission and engagement access and inclusion and global perspectives on nonprofit organizations Across this comprehensive range of topics The Nonprofit Sector makes an essential contribution to the study of civil society Praise for previous editions Takes a decidedly multidisciplinary approach invaluable Journal of Policy Analysis and Management A major contribution to the field Social Forces Flourishing in Contexts and Cultures Gregory Arief D. Liem, Dennis M. McInerney, 2023-07-01 The youth of today is confronted with a myriad of challenges of living in a world that has never been more volatile uncertain complex and ambiguous These multifaceted challenges compromise their well being Fostering the well being of young people across sociocultural boundaries rather than of the select groups of privileged individuals is a timely and worthy endeavor and should not take a back seat The advent of Positive Education which is an educational paradigm that emphasizes the goal of developing both cognitive abilities and well being skills in students and young people in general has offered a promising generic approach to promoting the well being of young people The twin goals of Positive Education are indeed aligned with two major views of well being eudaimonia highlighting the importance of one's engaged pursuit of meaningful goals and hedonia stressing the importance of one's positive emotion and life satisfaction in one's well being Their combination that wellness is achieved when a person is feeling good and functioning well has often been termed flourishing Unfortunately scholarly discussions on sociocultural influences on flourishing or well being and ways of promoting it have been scarce This volume addresses such a gap in a rigorous and timely manner International scholars from culturally diverse backgrounds put together their thoughts and ideas in their respective chapter contributions that collectively invite us to mindfully take into account youth's sociocultural and sociodemographic backgrounds in promoting their flourishing This book which embodies the who what when where and how of youth well being will be extremely insightful and useful for scholars and researchers as well as policy makers and practitioners teachers interventionists counsellors youth mentors who seek to promote the well being of young people in their respective contexts and beyond

Gracious Forgiveness Cristian F. Mihut, 2023-03-14 Divine forgiveness is expressed in biblical and liturgical contexts through a variety of metaphors canceling debts covering stains forgoing or stopping litigation forgetting iniquities and more In this study Cristian F Mihut retrieves a theologically paradigmatic liturgically deep and symbolically evocative image of divine forgiveness that has received little attention bearing burdens *Gracious Forgiveness A Theological Retrieval* articulates a divine disposition to forgive starting from this metaphor Embedded in a larger covenantal relational framework where sin is a cosmic sickness humans are targets of divine healing and divine transcendence is expressed through inexhaustible gracious commitments to redress brokenness divine forgivingness finds its most lucid tangible and full expression in the life and work of Jesus Christ In the person of Jesus Christ we see most clearly how a gracious God is committed to separating sinners from their sin and how God heals people by absorbing into God s own being the

consequences of their offense A second main argument of the book is that sin bearing Christological forgivingness has ethical and relational ramifications The study articulates a human disposition to forgive forgivingness that involves both a certain conception of one s participation in Christ and a certain formation of one s sensibility Entrenching forgivingness depends at once on developing gracious hopeful and merciful dispositions but also on seeing oneself as a continuant of God s cosmic story of redressing brokenness Mihut concludes with a defense of the surprising claim that curative forgivingness is compatible with anger and even recommended to people living under oppression **Bonhoeffer** Petra Brown,2019-01-04

Theologian Conspirator Martyr Saint Dietrich Bonhoeffer was killed in the waning days of World War II having been implicated in the July 20th assassination attempt on Hitler Since his death Bonhoeffer s life and writings have inspired contradictory responses He is often seen as a model for Christian pacifist resistance and more recently for violent direct political action Bonhoeffer s name has been invoked by violent anti abortion protestors as well as political leaders calling for support on a war on terror in the aftermath of 9 11 Petra Brown critically analyses Bonhoeffer s writing preceding and during his conspiracy involvement particularly his recurring concept of the extraordinary Brown examines this idea in light of the state of exception a concept coined by the one time Nazi jurist and political theorist Carl Schmitt She also draws on the existentialist philosopher S ren Kierkegaard to consider what happens when discipleship is understood as obedience to a divine command This book aims to complicate an unreflective admiration of Bonhoeffer s decision for conspiracy and draws attention to the potentially dangerous implications of his emerging political theology **SOGI Minority and School Life in Asian Contexts** Makiko Kasai,Yuichi Toda,Stephen Russell,2023-09-01

Representing an often overlooked population this book explores the experiences of LGBTQ youth in Asian countries Contributors focus on LGBTQ youth s school life experiences including bullying and violence a pervasive and serious problem This book aims to inform psychologists mental health providers and school professionals about the needs of LGBTQ youth from eight different Asian countries Individual chapters present unique aspects of LGBTQ youth experiences in school contexts from different cultural perspectives In addition the intersectionality of LGBTQ and other minorities including ethnicity religion and social class highlights multiple sources of oppression or discrimination that can create additional pressures and stress for youth The concepts of inter minority conflict and inter minority empathy are introduced to understand minority issues from new perspectives This is a valuable reference for psychologists social workers counselors nurses mental health professionals and students whether preparing for general practice treating LGBTQ clients or supporting LGBTQ youth in schools around the world
