The examinations will comprehensively address the knowledge and skills covered up to the time of the examination. More than one type of question will be incorporated and the focus will be on the *application of knowledge* in an integrated manner. The mid-year examination will cover the content for terms 1 and 2 and end-of-year examination will cover the work done throughout the year.

Outline for examinations

The outline below will be followed when setting the Grades 7 – 9 Life Orientation examination papers.

The paper will consist of three sections. Total for examination: **70 Marks**

<p>All questions are compulsory.</p> <ul style="list-style-type: none"> A source or case study may be used to contextualise the questions. The questions should be a combination of three or more types of questions, ranging from list, what, why, multiple choice, matching columns, missing words and true or false. Questions will test understanding and factual knowledge. Responses should be short and direct and range from one word to a phrase or a full sentence. 	<p>All questions are compulsory.</p> <ul style="list-style-type: none"> Short open-ended, scenario-based, source-based and case study questions. Learners should provide direct responses, full sentences in point form and extended writing in short paragraphs. 	<p>Three 10-mark questions will be set of which learners will be expected to answer TWO.</p> <ul style="list-style-type: none"> Questions will predominantly focus on the application of knowledge and skills. Learners will solve problems, make decisions and give advice. They will provide few direct responses and extended writing ranging from descriptive paragraphs to short essays that state or examine an issue. Each question will focus on the specific information or the integration of content. A short text/diagram/data/graphs/ cartoons can be provided as a stimulus.
<p>Note. Information provided in the texts must be current, up-to-date, age-appropriate and learner-friendly.</p>		

NB. A marking memorandum or guideline suitable to each of the tasks above must be used to assess learner performance in a given examination/project/case study/assignment/design and make. The nature of the task and the knowledge, skills and values that are to be assessed will provide guidance on the type of marking memorandum. Provision must be made in the marking memorandum or guideline for the learner's own interpretation of the questions. Examples of assessment tools that are appropriate to assess learner performance in Life Orientation are the marking memorandum or guideline, criteria checklist, rubric or matrix.

4.4.4 Physical Education

The Physical Education (PE) component aims to develop learners' physical well-being and knowledge of movement and safety. It encourages learners to use these to perform in a wide range of activities associated with the development of an active and healthy lifestyle. It also aims to develop learners' confidence and generic skills, especially those of collaboration, communication, creativity, critical thinking and aesthetic appreciation.
