Abstract

There is a danger of elements that are more generally true to get too strongly focused on one issue. It is important to ensure that the range of issues covered in the new curriculum is broad enough to cover all the key areas of the curriculum.

There is still a significant gap in the knowledge of the impact of the environment on the health of the population. The authors of the study have shown that the environment is a significant factor in the development of the disease. The authors have shown that the environment is a significant factor in the development of the disease. The authors have shown that the environment is a significant factor in the development of the disease.
