Federal Register ,1980-02-22 **Federal Trade Commission Decisions** United States. Federal Trade Commission,1983 Don't Pay for a Promise! John McHardy,2000-11-01 Growing out of a project to help the author deal with his own credulity Dont Pay for a Promise is a treasure house of information distilled from hundreds of Government publications These publications are constantly being revised and updated and the reader should consult them regularly for the latest facts However because each publication must stand on its own there is a patchwork character to the material and finding answers for a particular situation can take time By capturing the essence of these publications John McHardy has created a powerful resource for anyone who has ever agonized over an offer that seems too good to be true In 14 compact chapters the book deals systematically with the diverse types and guises of consumer fraud offering concrete advice on how to recognize and respond to each of them The first chapter provides information common to all types of fraud and serves as a foundation for the rest of the book The next eleven chapters then cover individual aspects of the subject For example Chapter 2 Identity Theft examines topics that range from simple theft to the less obvious hazards of automatic debit and electronic banking A typical chapter begins with an outline of pertinent laws and regulations and continues with one or more sections on particular issues For example Chapter 3 arranges the broad subject of Contests into three separate sections Within each section the material is organized under a consistent set of paragraph headings These include the promise the scam or deceptive practice warning signs that may distinguish it from a legitimate offer and ways that consumers can protect themselves or at least minimize their losses The book concludes with two chapters of reference material Chapter 13 detailing the many organizations that can offer help in the fight against fraud and Chapter 14 containing the full text of FTC Telemarketing Sales Rule *Lemon-Aid Used Cars and Trucks 2011-2012* Phil Edmonston,2011-04-25 As Toyota skids into an ocean of problems and uncertainty continues in the U S automotive industry Lemon Aid Used Cars and Trucks 20112012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years Lemon Aid guides are unlike any other car and truck books on the market Phil Edmonston Canada s automotive Dr Phil for 40 years pulls no punches Like five books in one Lemon Aid Used Cars and Trucks is an expos of car scams and gas consumption lies a do it yourself service manual an independent guide that covers beaters lemons and collectibles an archive of secret service bulletins granting free repairs and a legal primer that even lawyers cant beat Phil delivers the goods on free fixes for Chrysler Ford and GM engine transmission brake and paint defects lets you know about Corvette and Mustang tops that fly off gives the lowdown on Honda Hyundai and Toyota engines and transmissions and provides the latest information on computer module glitches *Kiplinger's Personal Finance* ,1980-04 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **American Light Trucks and Utility Vehicles, 1967-1989** J.
