

## **FRB2/FRB3/FRC1 - Translation commentary**

### **Exam guidelines**

As specified in the new exam rubric (see below), candidates will be required to write comments:

*The use of machine translators or the copying of published translations is not permitted and will be treated as plagiarism.*

*"The length of each commentary would be 20-100 words and that students will choose their own words to comment on. The number of words/phrases to be commented on will be 1 per 50 words up to a maximum of 5 words/phrases"*

As stipulated above:

- Candidates choose the words or phrases they want to comment on (B2: 5 words/phrases per passage; B3: 4 words/phrases per passage; C1: 5 words/phrases per passage)
- The length of each comment should be 20-100 words.
- Commentaries are to be written in English.

Please note that the commentary will not be marked separately (i.e. the mark you receive will not be an aggregate of two marks).

### **Tips for writing commentary:**

- The point of the exercise is to show that you can identify translation challenges and overcome them.
- The purpose of the commentary is to allow you to reflect in a critical way on the translation decisions you have made.
- Aim for precision and concision. Make sure your justifications are precise and to the point.
- There is no requirement to use specific terminology but you might find it useful to use the glossary the faculty has produced (resources used in class might also be useful).
- Avoid commenting on obvious translation choices (literal translations do not normally require explanation).
- Avoid stating how difficult making a choice was. The point of the commentary is not to justify poor translation choices (select items you are confident about).
- Make sure your commentary deals with a variety of issues (it should not deal solely with lexical issues for instance). The marking criteria stress the importance of selecting a wide range of points: "The translator's note should strive to offer thoughtful solutions for the challenges posed by the passage, addressing a wide range of translation issues (which might include lexis, grammar, register, syntax, genre, style, etc.) in well- selected examples."
- Students may wish to consult Dr Maya Fellei-Tomes' lecture recording devoted to the translator's note (uploaded to the Spc1 Moodle page – see Translation into English, LT Session 1; open enrollment/no password required), which offers a number of useful tips in close consultation with the wording of the new marking criteria:
