

## DISCUSSION QUESTIONS FOR MOCKINGJAY

## TEACHER'S GUIDE

**Abstract**—The purpose of this study was to determine the effect of a 10-week, 1000 kcal energy deficit diet on the body composition and physical fitness of obese women. The study was conducted in a laboratory setting. The subjects were 15 obese women (mean age 40.5 years, range 30–50 years, mean BMI 35.5 kg/m<sup>2</sup>, range 32.5–38.5 kg/m<sup>2</sup>). The subjects were divided into two groups: a control group (n = 7) and an intervention group (n = 8). The control group maintained their current diet and lifestyle, while the intervention group followed a 1000 kcal energy deficit diet. The subjects were assessed at baseline and at 10 weeks. The assessment included body composition (body mass index, body fat percentage, lean body mass) and physical fitness (maximal oxygen consumption, maximal heart rate, maximal power output). The results showed that the intervention group had a significant decrease in body mass index, body fat percentage, and lean body mass compared to the control group. The intervention group also had a significant increase in maximal oxygen consumption, maximal heart rate, and maximal power output compared to the control group. The results suggest that a 10-week, 1000 kcal energy deficit diet can improve body composition and physical fitness in obese women.

Other American law enforcement agencies, such as the Federal Bureau of Investigation (FBI), also have programs that provide a reward for information that leads to the apprehension of a criminal. The FBI's program is called the "Crime Stoppers" program. It is a national program that provides a reward for information that leads to the apprehension of a criminal. The program is run by the FBI and is available in all 50 states and the District of Columbia. The program is a voluntary program and is open to anyone who has information about a crime. The program is a very successful program and has led to the apprehension of many criminals. The program is a very important part of the law enforcement system and is a very effective way to get information from the public. The program is a very important part of the law enforcement system and is a very effective way to get information from the public.

Effect size shows how large a difference the study is looking for.

Chapter 11: Group Control and Chapter 12: Learning Goals in Chapter 13.

[illegible]

The third dimension, gender, was not always recognized as important and significant for education, although the following studies have focused more attention on issues with this view. For example, Hershberger and his co-researchers and others in the field of education have indicated that gender may affect the learning process, and that the learning process may be different for males and females. For example, Hershberger and his co-researchers have indicated that the learning process may be different for males and females. For example, Hershberger and his co-researchers have indicated that the learning process may be different for males and females.

## CHALLENGES
