underlying causes and scope The book tells the truth in contrast to the misinformation provided by the government and the news media Suggested changes for improvement are made including those that can be implemented quickly and easily and those that require a great deal of money and coordination along with a fundamental change in how America handles education This book is controversial and covers issues that may anger upset or confuse some readers The book includes curse words to paint a vivid picture of the way many students speak and bluntly labels key aspects of our education system as bullsh t where applicable *Cumulated Index Medicus* ,1979 *ERS Spectrum* ,2003 *North Carolina READY EOG Grade 6 Science* American Book Company,2019 *Children's Books in Print* ,2007 ,2006 *Normal Instructor* ,1906 *21st Century Challenges for School Administrators* Theodore J.
