Decision Points George W. Bush, 2010 The former president offers a candid journey through the defining decisions of his life and presidency discussing the 2000 election 9 11 the wars in Afghanistan and Iraq and Hurricane Katrina as well as his decision to quit

drinking discovery of faith and relationship with his family *Summary of George W. Bush's Decision Points* Milkyway Media,2024-03-11 Get the Summary of George W Bush s Decision Points in 20 minutes Please note This is a summary not the original book Decision Points is a memoir by George W Bush that chronicles the critical decisions of his life and presidency It delves into his personal struggle with alcohol and his decision to quit drinking which he credits with shaping his future including his tenure as governor of Texas and eventually as president of the United States The book explores his family s influence including his father s political career and his mother s strong personality and how these relationships impacted his own path *The Presidency of George W. Bush* John Robert Greene,2021-10-15 The Presidency of George W Bush is the first balanced academic study to analyze the entirety of his presidency domestic social economic and national security policies as well as the administration s response to 9 11 and the subsequent War on Terror In so doing John Robert Greene argues persuasively that the judgment of most scholars that the Bush administration was a complete failure has been made in haste and without the benefit of primary sources This book is the first scholarly work to make wide use of the documents at the George W Bush Presidential Library many of which have only recently been made available to researchers through the Freedom of Information Act John Robert Greene offers a balanced assessment and nuanced conclusions supported by documentary evidence Yet in doing so he does not absolve the Bush administration of its shortcomings The Presidency of George W Bush shows that the administration could be vindictive as demonstrated by the Plame Wilson affair and the firing of the US attorneys It all too often moved too slowly as shown by the National Security Council s lethargic handling of terrorism pre 9 11 the failed attempt to revise Social Security and the sluggish reaction to Hurricane Katrina It was an administration that accepted and acted on the highly suspect theory of the unitary presidency as advocated by Dick Cheney and accepted by the president On the other side of the balance sheet however the evidence also makes it eminently clear that the Bush administration was responsible for many positive achievements No Child Left Behind set the nation on the road toward affecting serious educational reform In healthcare reform the Bush administration both strengthened the Medicare system and extended its benefits for millions of Americans And Bush did more to combat the worldwide scourge of AIDS particularly in Africa than any other president In sum the actions of this presidency continue to affect the presidencies of each of his successors as well as the trajectory of world history to the present day **Fools and Knaves** Howard Green,2014-03-18 Republicans have proven adept at getting middle class voters to vote against their own pocketbooks George W Bush and his advisors promised economic growth jobs and an ownership societybut delivered a housing finance bubble Wall Street profits fueled by fraud a recession budget deficits low economic growth massive job losses and upward transfers of middle class wealth In *Fools and Knaves* author Howard Green explores both the short term and long term effects of Republican controlled government on the nation When the Republicans left town they handed the tab for clean up to taxpayers and then obstructed every effort to repair the economy that they broke Whats more they now favor cuts to

government programs for the poor government shutdowns and threats of credit default The financial crisis of 2007 was no accident it flowed from GOP policies that were intended to benefit the 1 percent as well as themselves Republicans succeeded beyond their wildest dreams and today the wealthiest among us pocket virtually all the gains associated with the rebuilding of our economy Meanwhile the middle class suffers home foreclosures job losses and reductions in real income Fools and Knaves makes it clear that while appealing largely to social conservatives and older white blue collar voters Republicans make promises to the middle class but actually deliver results only to the wealthy Everyone else especially those who are younger better educated female and from minority households is now getting the message Republicans have nothing to offer them

41 George W. Bush, 2014-11-11 1 NEW YORK TIMES BESTSELLER George W Bush the 43rd President of the United States has authored a personal biography of his father George H W Bush the 41st President Forty three men have served as President of the United States Countless books have been written about them But never before has a President told the story of his father another President through his own eyes and in his own words A unique and intimate biography the book covers the entire scope of the elder President Bush s life and career including his service in the Pacific during World War II his pioneering work in the Texas oil business and his political rise as a Congressman U S Representative to China and the United Nations CIA Director Vice President and President The book shines new light on both the accomplished statesman and the warm decent man known best by his family In addition George W Bush discusses his father s influence on him throughout his own life from his childhood in West Texas to his early campaign trips with his father and from his decision to go into politics to his own two term Presidency

The George W. Bush Presidency Robert E. Denton Jr., 2012-07-21 To date there are only a couple dozen or so books specifically about the Presidency of George W Bush Political operatives members of the media and former administration officials have written most of the volumes Additionally the early books on the Bush presidency focus on the various aspects and dimensions of the War on Terror In essence these studies challenge the justification of our deployment the Bush doctrine and the assumptions of nation building Few volumes focus on his quite substantial legislative record and impact There are a few academic volumes on the Bush presidency but they were completed while he was still in office They tend to be biased and uniformly negative The George W Bush Presidency A Rhetorical Perspective seeks to remedy this lack of academic investigation of the 43rd president and his rhetorical strategies This volume is unique because the contributors analyze the Bush Presidency from a largely rhetorical perspective The chapters look at the rhetoric of Bush across the contexts of domestic policy foreign policy the wars and politics in general Further this thorough study examines the Inaugural addresses State of the Union addresses and addresses before joint sessions of Congress Others analyze his political philosophy policy issues and his rocky relationship with the news media Collectively this essential text provides insight into the role of public discourse in the campaigning and governing of the George W Bush presidency

Before the Oath Martha Joynt Kumar, 2015-06-30 Having watched from a front row seat as many incumbent

and electoral campaign presidential teams managed administration transitions Martha Kumar was struck by how productively the Bush and Obama teams worked together to effect a smooth transition of power in 2008 She has reflected upon what made the transition so effective and wonders if it could be a model for future incoming and outgoing administrations This book focuses on the preparations made by President Bush s transition team as well as those by Senators Obama and McCain as one administration exited and the other entered the White House Using this recent transition as a lens through which to examine the presidential transition process Kumar simultaneously outlines the congressional legislation that paved the way for this distinctive transition and interweaves comparative examples from previous administrative transitions going back to Truman to Eisenhower She evaluates the early and continuing actions by the General Services Administration to plan and set up transition offices the work on financial disclosure issues handled by the Office of Government Ethics and the Office of Management and Budget s preparatory work In this fascinating historical and contemporary vivisection of presidential transitions Kumar maps out in the words of former NSA advisor General James L Jones the characteristics of a smooth glide path for presidential campaign staffs and their administrations **George W. Bush 6-Pack** Patrice Sherman,2012-11-30 George W Bush grew up in a prominent political family in Texas After serving as Texas governor Bush followed his father s footsteps in becoming President of the United States This biography allows readers to discover the life of George W Bush and explore some the impact he made as president through acts like No Child Left Behind Readers will also learn of the many unexpected challenges Bush faced such as the al Qaeda attack on September 11 2001 the War on Terror and the Iraq War The engaging facts vibrant images and supportive text work in conjunction with the accommodating glossary and index to help children understand Texas history the content and vocabulary This 6 Pack includes six copies of this title and a lesson plan
