Искусство управлять музеем Геральд А. Матт, Симон Мраз, Ольга Свиблова, Макс Холляйн, Анна Игнатович, 2019-02-26 1996 2012 *I Got Something to Say* Matthew Oware, 2018-07-11 What do millennial rappers in the United States say in their music This timely and compelling book answers this question by decoding the lyrics of over 700 songs from contemporary rap artists Using innovative research techniques Matthew Oware reveals how emcees perpetuate and challenge gendered and racialized constructions of masculinity femininity and sexuality Male and female artists litter their rhymes with misogynistic and violent imagery However men also express a full range of emotions from arrogance to vulnerability conveying a more complex manhood than previously acknowledged Women emphatically state their desires while embracing a more feminist approach Even LGBTQ artists stake their claim and express their sexuality without fear Finally in the age of Black Lives Matter and the presidency of Donald J Trump emcees forcefully politicize their music Although complicated and contradictory in many ways rap remains a powerful medium for social commentary **The Pictures Generation, 1974-1984** Douglas Eklund, 2009 Image art after Conceptualism CalArts Hallwalls and Artists Space The jump appropriation and its discontents His gesture moved us to tears pictures art in a reinvigorated market John Heartfield and the Agitated Image Andrés Mario Zervigón, 2012-12-01 Working in Germany between the two world wars John Heartfield born Helmut Herzfeld 1891 1968 developed an innovative method of appropriating and reusing photographs to powerful political effect As a pioneer of modern photomontage he sliced up mass media photos with his iconic scissors and then reassembled the fragments into compositions that utterly transformed the meaning of the originals In John Heartfield and the Agitated Image Andr s Mario Zervig n explores this crucial period in the life and work of a brilliant radical artist whose desire to disclose the truth obscured by the mainstream press and imperial propaganda made him a de facto prosecutor of Germany s visual culture Zervig n charts the evolution of Heartfield s photomontage from an act of antiwar resistance into a formalized and widely disseminated political art in the Weimar Republic Appearing on everything from campaign posters to book covers the photomonteur s notorious pictures challenged well worn assumption and correspondingly walked a dangerous tightrope over the political social and cultural cauldron that was interwar Germany Zervig n explains how Heartfield s engagement with montage arose from a broadly shared dissatisfaction with photography s

capacity to represent the modern world The result was likely the most important combination of avant garde art and politics in the twentieth century A rare look at Heartfield s early and middle years as an artist and designer this book provides a new understanding of photography s role at this critical juncture in history *Social Concern and Left Politics in Jewish American Art* Matthew Baigell, 2015-04-03 This book explores the important and barely examined connections between the humanitarian concerns embedded in the religious heritage of Jewish American artists and the appeal of radical political causes between the years of the Great Migration from Eastern Europe in the 1880s and the beginning of World War II in the late 1930s Visual material consists primarily of political cartoons published in leftwing Yiddish and English language newspapers and magazines Artists often commented on current events using biblical and other Jewish references meaning that whatever were their political concerns their Jewish heritage was ever present By the late 1940s the obvious ties between political interests and religious concerns largely disappeared The text set against events of the times the Russian Revolution the Depression and the rise of fascism during the 1930s as well as life on New York s Lower East Side includes artists statements as well as the thoughts of religious literary and political figures ranging from Marx to Trotsky to newspaper editor Abraham Cahan to contemporary art critics including Meyer Schapiro
