The Goodbye Child Ann Major, 2019-11-18 Want it all Read Ann Major New York Times bestselling author Nora Roberts No one provides hotter emotional fireworks than the fiery Ann Major RT Reviews Ann Major's name on the cover instantly identifies the book as a good read New York Times bestselling author Sandra Brown When saying goodbye is impossible Yesterday Eva Martin had had a weakness for bad boys Eight years ago Evangeline had walked away from her neighbor the dangerously sensual Raoul Girouard and the passion they'd shared to please her wealthy New Orleans family Even after she learned of his treachery and tragic death in Africa she couldn't stop loving him Today Eva is determined to close the door on the past When Raoul walks back into her life calling himself Nicholas Jones he's the last man she wants to trust with her heart Unfortunately he's a high stakes player in a deadly game of power and intrigue and his enemy is using Eva as a bargaining chip When Nicholas abducts her to save her she fights him every step of the way But when the danger is past can she say goodbye again to the one man she's always loved Reviews The Goodbye Child is a wonderful blend of excitement intrigue and romance Don't miss it KW Rendezvous Originally published in 1988

The Lumber Manufacturer and Dealer, 1911 *Letters on the Autonomy Project* Janet Matina Sarbanes, 2022 In the face of rising authoritarianism and on the heels of urgent struggle autonomy calls to us How might we excavate the theory and history of autonomous politics to arrive at new possibilities for radical democracy and the radical imaginary How can we rethink the ways in which artistic autonomy is theorized and practiced beyond the shrunken horizon of liberal individualism How might we understand political and artistic autonomies as linked rather than diametrically opposed And what role does radical pedagogy have to play in all of this Framed by the thought of Cornelius Castoriadis and engaging with Marxist Black Radical and Feminist approaches to liberation as well as movements such as Occupy Black Lives Matter Me Too Letters on the Autonomy Project understands autonomy to be the capacity of a society a community or an individual to modify its form As Castoriadis argues the struggle for self-determination requires unlimited questioning of the way things are but also that we do or make something new in light of this interrogation Autonomy is thus equally a project for thought for education for politics and for art Provided by publisher
