Congregationalist ,1928 International Journal of Religious Education ,1924 **Small Town VBS** Gennifer Anderson, Sonja Toews, 2012-11 What do you get when you take two moms who love children's ministries and ask them to plan the Vacation Bible School program at their church? If you asked Gennifer Anderson and Sonja Toews that question their answer would be this book. With more than twenty years of combined experience coordinating the VBS program for their church each summer these two moms decided to write their own VBS programs to meet the needs of their church and offer a different program to their community other than the mainstream VBS programs that every other church in their town was offering. The result of their efforts is **Small Town VBS**. This book offers you three programs for less than the price of one manual for most other programs. Buy one book and be set for three years. Each program contains detailed information about the opening program, crafts, games, food, and skit scripts which provide humor and laughter for the closing program while tying the whole theme for the day together. The result of their efforts is **Small Town VBS**. This book offers you three programs for less than the price of one manual for most other programs. Buy one book and be set for three years. Field, 2021-12-09 **Counting Religion in Britain 1970-2020** the fourth volume in the author's chronological history of British secularization sheds significant new light on the nature, scale, and timing of religious change in Britain during the past half century with particular reference to quantitative sources. Adopting a key performance indicators approach, twenty-one facets of personal religious belonging, behaving, and believing are examined, offering a much wider range of lenses through which the health of religion can be viewed and appraised than most contemporary scholarship. Summative analysis of these indicators by means of a secularization dashboard leads to a reaffirmation of the validity of secularization in its descriptive sense as the dominant narrative and direction of travel since 1970, while acknowledging that it is an incomplete process and without endorsing all aspects of the paradigmatic expression of secularization as a by-product of modernization.
