Super Mario Bros. 2 Jon Irwin, 2014-10-06 In perhaps the most famous switcheroo in all of game history the Japanese version of Super Mario Bros 2 was declared too hard by Nintendo of America and replaced with a Marioified port of the Famicom hit Yume Koji Doki Doki Panic The new game dubbed Super Mario USA in Japan was a huge success for its four playable characters improved graphics immersive levels and catchy music and eventually became the 3rd bestselling game for the NES And yet Because of its strange new villains its wild gameplay and its mysterious touches SMB2 has for years been regarded as the Odd Mario Out even as it has seen popular updates on the Super NES and Game Boy Advance Irwin's Mario is not a simple retelling of a 25 year old story but instead an examination of the game with fresh eyes both as a product of its time and as a welcome change from the larger Super Mario franchise Along the way he searches for clues pulling up a few vegetables of his own What he finds is not at all what he expected **The Legend of Dragon Quest** Daniel

Andreyev, 2019-05-21 Discover all the secrets and mechanics of the famous Japanese video game Dragon Quest This book looks back at the entire Dragon Quest saga tells the story of the series birth retraces its history and deciphers its mechanics In this book the author shares us all his expertise and his passion in Japanese gaming to decipher the creation and the story of this saga and his creator Yuji Horii EXTRAIT Even with only limited knowledge of Japanese and somewhat difficult technical conditions the story was very well told This was perhaps what surprised players most Dragon Quest V is a large family cycle of emotions as transparent as an epic tale by Alexandre Dumas the author of famous works such as The Three Musketeers In the end I was lucky that my first taste of the series was this excellent episode since VI was far more extravagant with its tales of parallel universes and heroes traveling on flying beds A slightly puzzling game but not without levity nor offbeat humor One of the most emotional moments of Dragon Quest V is when we end up going back in time to change the past thus saving the future The time travel theme has been so often used in science fiction particularly during the 1980s that it should have left me impassive It was not even the first time I had experienced it in a video game But this adventure with its simple graphics and persistent melodies glanced lightly upon feelings that leave no one unmoved What would I have done differently if I could have changed things is a very common concept used in fiction from A Distant Neighborhood by Jir Taniguchi to the Quantum Leap series Well told it is so simple and so effective that it affects each and every one of us CE QU EN PENSE LA CRITIQUE Un livre passionnant que j'ai dû voir au point de rogner sur mes heures de sommeil Ici l'auteur ne nous bassine pas avec des tartines de textes pour nous conter avec détail l'histoire de chaque épisode les ventes incommensurables de la série ou encore un almanach des jeux estampillés DraQue Kaisermeister Sens Critique Un livre plein d'anecdotes qui feront vibrer votre corde nostalgique et qui donne envie une fois terminée de replonger dans l'aventure neotsubasa Sens Critique C'est une biographie très détaillée riche en anecdotes et bien romancée Yuji Horii est un personnage fascinant au CV bien rempli et la genèse de la saga est tout aussi passionnante tel point que j'ai parfois eu du mal

d crocher Nixotane Sens Critique PROPOS DE L AUTEUR Daniel Andreyev is an author and journalist of Russian origin His career in video game journalism began twenty years ago during the golden years of video gaming with Player One Consoles and Animeland with a particular interest in Japan Having spent some time on translation he is now part of the New Games Journalism movement which places the player at the heart of the video game experience He produces the After Hate and Super Cin Battle podcasts He also trades memories with his friends in Gaijin Dash the Gamekult show on Japanese video games He is a fan of far too many things to list them all here But when he is not writing not watching a movie not reading comics and graphic novels not climbing mountains or exploring ruined buildings he might be cooking exercising or dreaming of one day owning a dog

Hope MaryAnn McKibben Dana, 2022-08-30 What hope is what hope isn't and how to find it in hopeless times Hope is not optimism It's not toxic positivity It's not a promise of future success or progress And it's definitely not something that can be reduced to a scripty font platitude on an Instagram post So what is it One thing is certain real hope demands that we do something with it That we live it out That we use hope to participate in a bigger story playing out behind the bleak world we see on the news or in our social media feeds every day It doesn't matter whether you're a person of faith or someone disillusioned with faith or someone who hardly ever thinks about faith if you're a human being who longs for a spiritual counternarrative to live by this book points to one resilient enough to endure crises and crushing defeats If you're tired of hearing about some heavenly hereafter amid the pressing need for justice here and now this is a book about hope for this world not the next After exploring what hope isn't and then what it is MaryAnn McKibben Dana reflects on the surprising place where hope is often found in the messiness of our imperfect flawed beautiful human bodies In the second half of the book she talks about making hope real sharing hope through stories cultivating hope through simple practices and nurturing hope in hopeless times when only real hope can persevere
