Kamic versus Manasic Action Helena Petrovna Blavatsky,2018-02-21 Motion or the Great Breath ergo sound is Motion Unmanifested beginningless and endless the one eternal life and the basis and genesis of the subjective as well as the objective universe On the other hand all psychic activity from its lowest to its highest manifestations is nothing but vortical motion the material term for Motion Manifested Our body is an Aeolian harp chorded with two sets of strings one made of pure silver the other of catgut When the breath from the divine Fiat brushes softly over the former man becomes like unto his God Christos but the other set Chrestos feels it not More Every cell and every organ in our body is endowed with a consciousness and memory of its own kind Cells therefore respond to both manasic as well as kamic impulses which in turn

elicit the corresponding no tic or psychic action
