Humorous School Report Cards

Joseph Rosenbloom

Humorous School Report Cards:

696 Silly School Jokes & Riddles Joseph Rosenbloom, 2004 A collection of 696 jokes riddles and tongue twisters on the subject of school

Super Silly School Jokes Gene Perret, Joseph Rosenbloom, Meridith Berk, Toni Vavrus, 2001 Who knew school could be such a barrel of fun The classroom becomes a laugh room with these wacky jokes riotous riddles and loony excuses From silly students and zany pros to quizzes homework and that mysterious cafeteria food every joke will keep you laughing from the time the school bell rings in the morning till you re home free

Silly Jokes about School Michael Dahl, 2021-08 Get ready to laugh from the cafeteria to the playground with these silly jokes about school Featuring hilarious images this collection of school jokes will have young readers laughing out loud

Report Cards Wade H. Morris, 2023-09-26 The definitive history of the report card Report cards represent more than just an account of academic standing and attendance The report card also serves as a tool of control and as a microcosm for the shifting power dynamics among teachers parents school administrators and students In Report Cards A Cultural History Wade H Morris tells the story of American education by examining the history of this unique element of student life In the nearly two hundred year evolution of the report card this relic of academic bookkeeping reflected broader trends in the United States the republican zealotry and religious fervor of the antebellum period the failed promises of postwar Reconstruction for the formerly enslaved the changing gender roles in newly urbanized cities the overreach of the Progressive child saving movement in the early twentieth century and by the 1930s the increasing faith in an academic meritocracy The use of report cards expanded with the growth of school bureaucracies becoming a tool through which administrators could surveil both student activity and teachers And by the late twentieth century even the most radical critics of numerical reporting of children have had to compromise their ideals Morris traces the evolution of how teachers students parents and administrators have historically responded to report cards From a western New York classroom teacher in the 1830s and a Georgia student in the 1870s who was born enslaved to a Colorado student incarcerated in the early 1900s and the son of Russian Jewish immigrants applying to college in the 1930s Report Cards describes how generations of people have struggled to maintain dignity within a system that reduces children to numbers on slips of paper

The American School Board Journal , 1925
