your classic motorcycle or automobile as many of the reprints found on internet websites are from bedroom sellers at
enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality
digital or comb bound photocopies that are scanned or printed complete with greasy pages and thumbprints and as such are
deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series
and or model years However VelocePress com has been publishing reprints of motorcycle and automobile manuals since
2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality
