Connections Maths 8 Edward Duffy, Lorraine Mottershead, G. Murty, 2003 Connections Maths 8 is the second of two dynamic textbooks and CD ROM packages that give complete coverage of the new Mathematics Stage 4 syllabus for New South Wales. Features include outcomes at the start of every chapter, a dynamic full colour design that clearly distinguishes theory, examples, exercises, and features. Carefully graded exercises with worked examples and solutions linked to each cartoon, offering helpful hints, working mathematically strands that are fully integrated. These also feature regularly in challenging sections designed as extension material which also contain interesting historical and real life context. A chapter review to revise and consolidate learning in each chapter. Speed skills sections to revise and provide mental arithmetic skills. Problem solving application strategies with communication and reasoning through an inquiry approach. A comprehensive Diagnostic test providing a cumulative review of learning in all chapters cross referenced to each exercise. Integrated technology activities. Literacy skills develop language skills relevant to each chapter. Fully linked icons to accompanying CD ROM. The student CD ROM accompanying this textbook can be used at school or at home for further explanation and learning. Each CD ROM contains animated worked examples, movies related to selected topics offering explanation for visual learners. These feature bright, energetic young presenters in appealing locations. Technology files featuring formatted spreadsheets and geometry demonstrations. The entire textbook with hyperlinks to the above features. *Understanding the Math You Teach* Anita C. Burris, 2005 Teaching strategies are grounded in the NCTM standards and illustrated with real student work. In addition, the author provides a full range of concrete developmental activities that encourage future teachers to make math make sense for themselves as well as for their students. Believing that teachers who are comfortable with mathematics develop learners who are comfortable with mathematics, this author empowers preservice preK-4 teachers to teach math confidently by laying a solid foundation of math concepts and building on that foundation with engaging, meaningful, standards-based teaching methods. Integrated in this unique combined approach to teaching mathematics is a thorough discussion of math manipulatives as well as the use of technology, computer and otherwise to assist today's mathematics teacher. For educators, aids, and parents responsible for teaching Pre-K to fourth grade math. **New Learning Composite Mathematics 4** S.K.
