IEEE Conference Publication Program Quick Reference

IEEE's Conference Publications Program (CPP) facilitates the acquisition of conference proceedings and post-conference distribution of content. IEEE Meetings, Conferences & Events (MCE) can help you navigate the process. You can also find courses in the IEEE Center for Leadership Excellence. Below find a quick guide outlining the CPP process.

Submit the IEEE Publication Form

The Conference Chair submits the IEEE Conference Publication Form to request approval to submit your conference papers to the CPP and the IEEE Xplore® Digital Library at least 12 months before the conference.

Accept the Letter of Acquisition (LOA)

The Conference Publications Chair electronically accepts and approves the emailed Letter of Acquisition (LoA), containing the conference publication's cataloging information, information to conference authors, and instructions for preparing the publication for IEEE. All IEEE publications are subject to the rules outlined in the IEEE Publication Services and Products Board (PSBP) Operations Manual.

Phase 1: Collect & Assemble your Publication

Now that you have accepted your LOA, it's time to establish your paper submission process.

- Establish your Call for Papers and get the word out through e-Notice and other channels.
- Plan your peer review process and criteria, identify plagiarism-checking tools, and select reviewers.
- Hire a publication vendor.
- Notify accepted authors with instructions for preparing and submitting final papers for distribution (templates, Electronic Copyright Form (eCF) submission).

Phase 2: Produce & Submit your Publication

When all final papers are received, begin production on your conference publication.

- Consider preparing an on-site conference proceeding and a version for IEEE Xplore®.
- To prepare your materials, consider PDF eXpress and use the Packing List Generator Tool.
- Collect transfer of copyrights from conference authors who wish to publish with IEEE.

Submit Your Papers to IEEE

- Upload one copy of your conference proceedings content (including the on-site proceedings) to the IEEE Conference Publication Electronic Submission platform.
- Use this checklist to ensure your submission is IEEE Xplore®-compliant.
- Download the Packing List Generator Tool to prepare your submission.
- Always use the IEEE Packing List Checker to validate the packing list prior to submission and anytime a change is made to the packing list.
- Submit your IEEE Xplore®-compliant submission AND a copy of the content distributed to attendees.

Distribute and Index Your Proceedings

- Consider using your conference mobile app or a secure website to distribute the conference proceeding to attendees. (Tips: Only make content available to registrants for the duration of the conference, implement password protection, and ensure content correctly features LOA copyright notifications.)
- Your conference proceedings will be available to many Abstracting & Indexing (A&I) organizations, which collect and share metadata from IEEE Xplore®.
