12. *Journal of the American Medical Association*, 1997; 278: 1000-1005. *Abstract*: "There is growing concern about the impact of the Internet on the medical profession. The Internet provides a wealth of information, but it also provides a means for the dissemination of false information. The Internet is a double-edged sword. It can be used to disseminate false information, but it can also be used to disseminate true information. The Internet is a powerful tool, and it is up to us to use it wisely." (p. 1000)

1. The Commission has received information from the Government of the Republic of the Philippines that the Government has been providing financial assistance to the Communist Party of the Philippines (CPP) and its armed wing, the New People's Army (NPA), for the purpose of conducting subversive activities in the Philippines. The Commission is concerned that such assistance may be in violation of the provisions of the Arms Embargo Act of 1966, which prohibits the export of arms and military equipment to the Philippines.
