Intelligent Mais Peut Mieux Faire:

Intelligent mais peut mieux faire Jean-Luc Aubert, 2012-08-29 Intelligent mais peut mieux faire Quel parent n'a jamais lu cette remarque sur le carnet scolaire de son enfant L'intelligence tant difficile à quantifier il est légitime que les parents s'interrogent qu'est-ce qui manque mon enfant pour qu'il réussisse mieux Comment le motiver Quels atouts affectifs vont l'aider apprendre En quoi le jeu favorise-t-il l'intelligence Y a-t-il une ou des intelligences Et comment les développer Cet ouvrage donne aux parents des réponses claires illustrées de cas concrets tirés de l'expérience de l'auteur en tant que psychologue Comme il le souligne l'intelligence harmonieuse n'est jamais qu'une conséquence du bien-être personnel et relationnel de l'enfant Comprendre et développer l'intelligence de son enfant pour l'aider réaliser tout son potentiel ,

Cet enfant qui n'écoute jamais Jean-Luc Aubert, 2013-03-21 Un enfant qui n'écoute pas ou pas souvent ou trop peu ou pas du tout qu'il s'agisse des règles familiales ou du savoir transmis l'écouter n'est pas forcément un enfant qui fait preuve de mauvaise volonté Il y a des raisons pour qu'il fasse la sourde oreille ses enseignants et ou ses parents Et il est important de le comprendre pour dépasser l'inquiétude l'agacement voire l'exaspération que ce comportement peut susciter et arriver à se faire comprendre de celui qui semble ne rien vouloir entendre Jean-Luc Aubert a rencontré des centaines d'enfants concernés Il répond ici toutes les questions des parents confrontés à ce problème Pourquoi n'écoute-t-il pas Peut-on parler d'autorité naturelle Comment l'aider écouter Que faut-il lui interdire Pourquoi Pourquoi est-ce plus difficile à l'adolescence Comment gérer les crises En apportant une réponse claire ces interrogations l'auteur donne des pistes pour susciter l'intérêt de l'enfant et se faire entendre de lui Car au-delà de la question de l'obéissance c'est celle de l'intérêt porté au monde et aux autres qui est en jeu

Conceptions de l'intelligence et pratiques éducatives Caterina Fiorilli, 2012 Selon leurs conceptions de l'intelligence plutôt innées ou constructivistes les personnes enseignantes interviendront de façon fort distincte auprès des élèves Les auteurs abordent ces différentes conceptions et leurs liens avec le rapport motionnel au travail et les pratiques éducatives des enseignants Patrologiae Cursus Completus: Series Latina Jacques-Paul Migne, 1854 **Papa maman j'y arriverai**

jamais ! Emmanuelle Rigon, 2016-08-01 N'a pas assez confiance en lui se décourage vite doute de ses capacités si ces remarques sont fréquentes lorsque l'on parle d'un enfant elles ne sont pas pour autant anodines C'est en effet dès les premières années de la vie que se forge l'estime de soi donne capitale pour l'équilibre et le bien-être Mais le sentiment intérieur de sa propre valeur fait parfois défaut à l'enfant quel que soit son âge Emmanuelle Rigon psychologue clinicienne et psychothérapeute répond ici aux questions que se posent les parents soucieux de rassurer leur enfant et de l'aider à s'affirmer Comment se constitue l'estime de soi Quelle est la part des influences extérieures Des principes éducatifs peuvent-ils amener un enfant à se valoriser Quels sont les comportements qui indiquent qu'il manque de confiance en lui Comment doser les compliments Un bébé peut-il douter de lui Quelle aide apporter un adolescent qui ne s'aime pas Aider l'enfant à s'aimer et à s'estimer lui donner une confiance fondamentale pour franchir les étapes de la vie tels sont les enseignements que nous apporte ce livre novateur sur

un sujet trop souvent ignoré Petites Histoires pour devenir grand Sophie Carquain, 2013-03-21 On voudrait que l'enfance soit sans nuages Elle est pourtant jalonnée de questions d'angoisses et de chagrins qui font souffrir mais aussi grandir Pour y faire face et les surmonter les enfants ont besoin de pouvoir en parler Ou qu'on leur en parle Parce que l'imagination est le mode privilégié pour communiquer avec eux les petites histoires de Sophie Carquain les aident même de rien mieux qu'un propos pédagogique Des difficultés de la nuit aux grands problèmes du monde guerres publicités obsession de l'argent en passant par la jalousie le divorce le racket la différence l'enfant est avide de vérité Encore faut-il aborder ces sujets distance dans son langage lui avec des personnages qui lui sont chers ours souris petites princesses lapins lune soleil Grâce à ce livre les parents trouveront un support pour aborder les soucis quotidiens des enfants Ils puiseront dans les pages Côté parents des éléments de réflexion pour mieux les comprendre Où commence la violence ? Danielle Dalloz, 2015-09-01 Pour Danielle Dalloz la violence n'est pas une fatalité il est possible de la prévenir dès la petite enfance L'enfant se construit dans la relation ses premières expériences déterminent sa perception du monde S'il est important de lui apprendre qu'il y a une loi et de lui fixer des limites il est essentiel de s'interroger sur les conditions dans lesquelles il grandit depuis sa naissance Rythmes imposés pression de la vie en collectivité nécessité de devoir s'adapter un monde d'adultes autant de violences qui mettent en péril son épanouissement et se répercuteront sur ses rapports avec les autres partir de l'enseignement de Françoise Dolto Danielle Dalloz nous invite à repenser notre façon d'être avec les enfants Car si la violence subie dans la petite enfance resurgit à l'adolescence l'apprentissage du respect génère le respect *Quels repères donner à nos enfants dans un monde déboussolé?* Jean-Luc Aubert, 2016-05-01 Clatement de la famille remise en question de la religion des croyances et des valeurs branlement de l'autorité et des critères éducatifs aujourd'hui les repères traditionnels vacillent Pourtant il est vital pour son épanouissement que l'enfant reçoive des repères Faute de quoi il risquerait d'être tenté par des comportements extrêmes Jean-Luc Aubert psychologue scolaire et auteur de nombreux ouvrages s'appuie sur son observation quotidienne des enfants et des parents pour répondre à ces questions Quels repères sont indispensables au bébé l'enfant l'adolescent Comment rassurer son enfant sans le surprotéger Pourquoi une éducation différente est-elle nécessaire Comment réagir face à la crise d'adolescence Comment distinguer les repères sains des malsains Qu'est-ce qui donnera à l'enfant une identité forte En quoi les repères liés au plaisir sont-ils importants Les enfants ont-ils besoin de croyances Un livre rassurant indispensable aux parents pour les aider trouver un juste équilibre éducatif de manière ne pas enfermer l'enfant dans des carcans sans pour autant le laisser dans un flou inquiétant Tous les atouts pour une vie heureuse dès maintenant et pour l'avenir Le Dieu de l'enfant Nicole Fabre, 2005-02-02 travers Dieu l'enfant cherche une figure dont il a besoin différente selon ses attentes et ses craintes s'il se comprend mieux à travers elle Mais Dieu qui est ce au juste et est-ce qu'il existe Tous les enfants se posent la question même s'ils ne l'expriment pas Et nombreux sont les adultes en qui elle persiste souvent dans les mêmes termes que pour l'enfant qu'ils ont été Nicole Fabre explique comment comprendre les interrogations de l'enfant en insistant sur la n
