Review of Progress in Quantitative Nondestructive Evaluation Donald O. Thompson,Dale E. Chimenti,2013-11-11

These Proceedings consisting of Parts A and B contain the edited versions of most of the papers presented at the annual Review of Progress in Quantitative Nondestructive Evaluation held at Bowdoin College Brunswick Maine on July 28 to August 2 1996 The Review was organized by the Center for NDE at Iowa State University in cooperation with the American Society of Nondestructive Testing the Ames Laboratory of the USDOE the Federal Aviation Administration the National Institute of Standards and Technology and the National Science Foundation Industry University Cooperative Research Centers program This year's Review of Progress in QNDE was attended by approximately 400 participants from the U S and many foreign countries who presented over 350 papers As usual the meeting was divided into 36 sessions with as many as four sessions running concurrently The Review covered all phases of NDE research and development from fundamental investigations to engineering applications or inspection systems and it included many important methods of inspection techniques from acoustics to x rays In the last eight to ten years the Review has stabilized at about its current size which most participants seem to agree is large enough to permit a full scale overview of the latest developments but still small enough to retain the collegial atmosphere which has marked the Review since its inception
