No Vacancy! (a Play) Osonye Tess Onwueme,2005 This play from award winning dramatist Tess Onwueme is about a group of highly talented educated but unemployed youths who feel wasted and betrayed by a government who has told them they must get an education to be employed After their hard earned degrees they cannot find any work Worse still the industries and jobs have migrated overseas as the government leaders collude with their powerful international business allies to exploit cheap labour The youth form a group to create radical change but soon find they are facing their own internal crises

Postcard America Jeffrey L. Meikle,2016-01-20 This illustrated history of the colorized linen postcards of the 1930s and 40s is an incredible tour A veritable treasure trove of American culture Crave Online From the Great Depression through the early postwar years any postcard sent in America was more than likely a linen card Colorized in vivid often exaggerated hues and printed on card stock embossed with a linen like texture linen postcards celebrated the American scene with views of majestic landscapes modern cityscapes roadside attractions and other notable features These colorful images portrayed the United States as shimmering with promise quite unlike the black and white worlds of documentary photography or Life magazine Linen postcards were enormously popular with close to a billion printed and sold Postcard America offers the first comprehensive study of these cards and their cultural significance Drawing on the production files of Curt Teich Co of Chicago the originator of linen postcards Jeffrey L Meikle reveals how photographic views were transformed into colorized postcard images often by means of manipulation adding and deleting details or collaging bits and pieces from several photos He presents two extensive portfolios of postcards landscapes and cityscapes that comprise a representative iconography of linen postcard views For each image Meikle explains the postcard s subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images

Bourgeois Nightmares Robert M. Fogelson,2005-10-10 The quintessential American suburbs with their gracious single family homes large green lawns and leaf shaded streets reflected not only residents dreams but nightmares not only hopes but fears fear of others of racial minorities and lowincome groups fear of

themselves fear of the market and above all fear of change These fears and the restrictive covenants that embodied them are the subject of Robert M Fogelson s fascinating new book As Fogelson reveals suburban subdividers attempted to cope with the deep seated fears of unwanted change especially the encroachment of undesirable people and activities by imposing a wide range of restrictions on the lots These restrictions ranged from mandating minimum costs and architectural styles for the houses to forbidding the owners to sell or lease their property to any member of a host of racial ethnic and religious groups These restrictions many of which are still commonly employed tell us as much about the complexities of American society today as about its complexities a century ago
